*This Policy should be read in conjunction with Akaal Primary School Safeguarding - Day to Day Procedure, which covers operational guidance for staff, led by the DSL and the DDSL. This policy has been developed with guidance from Working Together to Safeguard Children (2018), Keeping Children Safe in Education (2022), the Governance Handbook, and the procedures of the Derby & Derbyshire Safeguarding Children Partnership.*

***The use of the term ‘safeguarding’ in this policy also includes/covers ‘child protection’, including child sexual exploitation, forced marriage, sexual violence, sexual harassment, Honour-Based Violence (HBV) and peer on peer abuse.***

## 2) Legislation

This policy is also based on the following legislation:

- Part 3 of the schedule to the [Education \(Independent School Standards\) Regulations 2014](#), which places a duty on academies and independent schools to safeguard and promote the welfare of pupils at the school
- [The Children Act 1989](#) (and [2004 amendment](#)), which provides a framework for the care and protection of children
- Section 5B(11) of the Female Genital Mutilation Act 2003, as inserted by section 74 of the [Serious Crime Act 2015](#), which places a statutory duty on teachers to report to the police where they discover that female genital mutilation (FGM) appears to have been carried out on a girl under 18
- [Statutory guidance on FGM](#), which sets out responsibilities with regards to safeguarding and supporting girls affected by FGM

## Akaal Primary School: Safeguarding Policy

- [The Rehabilitation of Offenders Act 1974](#), which outlines when people with criminal convictions can work with children
- Schedule 4 of the [Safeguarding Vulnerable Groups Act 2006](#), which defines what ‘regulated activity’ is in relation to children
- [Statutory guidance on the Prevent duty](#), which explains schools’ duties under the Counter-Terrorism and Security Act 2015 with respect to protecting people from the risk of radicalisation and extremism
- [The Human Rights Act 1998](#) which explains that being subjected to harassment, violence and/or abuse, including that of a sexual nature, may breach any or all of the rights which apply to individuals under the [European Convention on Human Rights](#) (ECHR)
- [The Equality Act 2010](#) which makes it unlawful to discriminate against people regarding particular protected characteristics (including disability, sex, sexual orientation, gender reassignment and race). This means our governors and Headteacher should carefully consider how they are supporting their pupils with regard to these characteristics. The Act allows our school to take positive action to deal with particular disadvantages affecting pupils (where we can show it’s proportionate). This includes making reasonable adjustments for disabled pupils. For example, it could include taking positive action to support girls where there’s evidence that they’re being disproportionately subjected to sexual violence or harassment
- [The Public Sector Equality Duty \(PSED\)](#) which explains that we must have due regard to eliminating unlawful discrimination, harassment and victimisation. The PSED helps us to focus on key issues of concern and how to improve pupil outcomes. Some pupils may be more at risk of harm from issues such as sexual violence; homophobic, biphobic or transphobic bullying; or racial discrimination
- The [Childcare \(Disqualification\) and Childcare \(Early Years Provision Free of Charge\) \(Extended Entitlement\) \(Amendment\) Regulations 2018](#) (referred to in this policy as the “2018 Childcare Disqualification Regulations”) and [Childcare Act 2006](#), which set out who is disqualified from working with children
- This policy also meets requirements relating to safeguarding and welfare in the [statutory framework for the Early Years Foundation Stage](#)
- [Derby and Derbyshire Multi-agency Safeguarding Children procedures](#)

This policy also complies with our funding agreement and articles of association.

### 3) Policy statement

#### Key Principles:

Akaal Academy Trust Derby is committed to providing the highest standard of education for all students based on equality of access and opportunity, taking seriously its responsibility under section 157 of the Education Act 2002 and the Education (Independent Schools’ Standards) regulation 2014 to safeguard and promote the welfare of children.

‘Safeguarding and promoting the welfare of children’ is defined for the purposes of this policy as:

## Akaal Primary School: Safeguarding Policy

- protecting children from maltreatment
- preventing impairment of children's mental and physical health or development
- ensuring that children grow up in circumstances consistent with the provision of safe and effective care
- taking action to enable all children to have the best outcomes
- taking into account the new data laws

The Trust believes that all young people have:

- the right to be protected from harm and/or abuse
- the opportunity to develop fully
- their basic needs met

Everyone who comes into contact with children and their families has a role to play in safeguarding children. Akaal Primary School will work with families to ensure appropriate communications and actions are undertaken. However, the school's staff play a pivotal role as they are in a position to identify concerns early, and provide help for children to prevent these concerns from escalating. The school and the staff form part of the wider safeguarding system for children. This system is described in the statutory guidance Working Together to Safeguard Children, 2018.

Our school will work in partnership with the three safeguarding partners:

- Derby & Derbyshire Local Authorities
- Our clinical commissioning group
- Our police force

to promote the welfare of children and protect them from harm.

The Trust will provide appropriate training to ensure that all staff are able to carry out the expectations of this policy.

Akaal Primary School has a Designated Safeguarding Lead (DSL) appointed from the Senior Leadership Team, who provides support to staff members to carry out their safeguarding duties and who will liaise closely with other services such as children's social care, and the Deputy Designated Safeguarding Lead (DDSL), who can fulfil this role in the DSL's absence.

The Trust believes that Safeguarding and promoting the welfare of children is **everyone's** responsibility. Everyone who comes into contact with children and their families and carers has a role to play in safeguarding children. In order to fulfil this responsibility effectively, all professionals in Akaal Primary School make sure that their approach is child-centred. This means we consider, at all times, what is in the **best interest** of the child.

The trust recognises that abuse occurs to children of all ages and genders, different races and cultures, and occurs in all social classes and the staff at Akaal Primary School are extremely well placed to observe outward signs of abuse because of their day-to-day contact with children and their families.

**All members of the Akaal Primary School team maintain an attitude of 'it could happen here' where safeguarding is concerned.**

## Akaal Primary School: Safeguarding Policy

This policy applies to all Trustees, Governors, staff and other agencies, visitors, and volunteers working at, or on behalf of, Akaal Primary School and is consistent with the procedures of the 3 safeguarding partners. Our policy and procedures also apply to extended school and off-site activities.

The school plays a crucial role in preventative education. This is in the context of a whole-school approach to preparing pupils for life in modern Britain, and a culture of zero tolerance of sexism, misogyny/misandry, homophobia, biphobia and sexual violence/harassment. This will be underpinned by our:

- Behaviour policy
- Pastoral support system
- Planned programme of relationships, health and relationships education, which is inclusive and delivered regularly, tackling issues such as:
  - Healthy and respectful relationships
  - Boundaries and consent
  - Stereotyping, prejudice and equality
  - Body confidence and self-esteem
  - How to recognise an abusive relationship (including coercive and controlling behaviour)
  - The concepts of, and laws relating to, sexual consent, sexual exploitation, abuse, grooming, coercion, harassment, rape, domestic abuse, so-called honour-based violence such as forced marriage and female genital mutilation (FGM) and how to access support
  - What constitutes sexual harassment and sexual violence and why they're always unacceptable

### **Aims**

The school aims to ensure that:

- Appropriate action is taken in a timely manner to safeguard and promote children's welfare.
- All staff are aware of their statutory responsibilities with respect to safeguarding.
- Staff and governors are properly trained in recognising and reporting safeguarding issues.

### **Definitions**

**Safeguarding and promoting the welfare of children** means:

- Protecting children from maltreatment
- Preventing impairment of children's mental and physical health or development
- Ensuring that children grow up in circumstances consistent with the provision of safe and effective care
- Taking action to enable all children to have the best outcomes
- Taking action to enable all children to thrive

**Child protection** is part of this definition and refers to activities undertaken to prevent children suffering, or being likely to suffer, significant harm.

## **Akaal Primary School: Safeguarding Policy**

**Abuse** is a form of maltreatment of a child and may involve inflicting harm or failing to act to prevent harm. Appendix 1 explains the different types of abuse.

**Neglect** is a form of abuse and is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Appendix 1 defines neglect in more detail.

**Sexting** (also known as youth produced sexual imagery) is the sharing of sexual imagery (photos or videos) by children

**Children** includes everyone under the age of 18.

### **4) Equality statement**

Some children have an increased risk of abuse, and additional barriers can exist for some children with respect to recognising or disclosing it. We are committed to anti-discriminatory practice and recognise children's diverse circumstances. We ensure that all children have the same protection, regardless of any barriers they may face.

We give special consideration to children who:

- have special educational needs (SEN) or disabilities (see section 9)
- are young carers
- may experience discrimination due to their race, ethnicity, religion, gender identification or sexuality
- have English as an additional language
- are known to be living in difficult situations – for example, temporary accommodation or where there are issues such as substance abuse or domestic violence
- are at risk of FGM, sexual exploitation, forced marriage, or radicalisation
- are asylum seekers
- are at risk due to either their own or a family member's mental health needs
- are looked after or previously looked after
- are missing from education
- whose parent / carer has expressed an intention to remove them from school to be home educated

### **5) Roles and Responsibilities**

The Trust, via the Headteacher, is responsible for safeguarding policies, procedures and practices, and has a Safeguarding committee to ensure that all duties are effectively carried out.

The Trust recognises that safeguarding extends to issues such as;

- health and safety
- arrangements to meet the needs of children with medical conditions
- providing first aid
- school security
- education in drugs and substance misuse

## Akaal Primary School: Safeguarding Policy

- education and training for students and staff in on-safety and the prevention of bullying, including cyber-bullying.

The Trust also recognises the need to regularly review local and national developments to ensure that all potential Safeguarding risks are identified and supported with appropriate policy and procedural responses, in order to keep the children of Akaal Primary School safe.

At Akaal Primary School the Trust appoints the Headteacher as Designated Safeguarding Lead (DSL) and she has overall responsibility for safeguarding. There is also a deputy Designated safeguard Leader (DDSL) who deputises for the DSL in her absence. This includes overall responsibility for Looked After Children (LAC), in addition to the Designated Teacher for Looked After Children.

The Trust and senior leadership teams and designated safeguarding lead are aware of and follow local arrangements.

This includes understanding and applying the [Threshold document](#) (criteria for action), local Protocol for Assessment in [Derby](#), [Derby](#) or [Derbyshire](#) Child Protection Conference Professionals Dissent process and [Dispute Resolution and Escalation policy](#)

### The specific responsibilities of all staff are as follows:

All staff who do NOT work directly with children will read and understand Annex A of the Department for Education's statutory safeguarding guidance, [Keeping Children Safe in Education](#), and review this guidance at least annually; All staff who DO work directly with children will read and understand Part 1 and Annex B.

All Staff will sign a declaration at the beginning of each academic year to say that they have reviewed the guidance.

### Staff also need to be aware of:

- Our systems, policies and procedures which support safeguarding, including the Safeguarding and Child Protection Policy, the Staff Code of Conduct, the role and identity of the and deputies, the Behaviour Policy, CPOMS, and the safeguarding response to children who go missing from education.
- The early help process and their role in it, including identifying emerging problems, liaising with the DSL, and sharing information with other professionals to support early identification and assessment.
- The process for making referrals to local authority children's social care and for statutory assessments that may follow a referral, including the role they might be expected to play.
- What to do if they identify a safeguarding issue or a child tells them they are being abused or neglected, including specific issues such as FGM, and how to maintain an appropriate level of confidentiality while liaising with relevant professionals.
- The signs of different types of abuse and neglect, as well as specific safeguarding issues, such as child sexual exploitation (CSE), indicators of being at risk from or involved with serious violent crime, FGM and radicalisation.
- The fact that children can be at risk of harm inside and outside of their home, at school and online.
- [The Stopping Domestic Abuse Together initiative](#) (known nationally as [Operation Encompass](#)), a police-led early domestic abuse notification to schools

## **Akaal Primary School: Safeguarding Policy**

### **The specific responsibilities of the Headteacher are as follows:**

- Ensure that the safeguarding policies and procedures are fully implemented and followed by staff, together with any visitors to site, such as supply staff, volunteers, workmen etc.
- Ensure that resources are allocated to enable the DSL, DDSL and other staff as required to attend strategy discussions, inter-agency meetings, contribute to pertinent assessments.
- Ensure that all members of staff have received relevant training and are able to identify any additional needs that a child may have so that they may receive appropriate support at an early stage.
- Ensure that all staff are trained to use the school's online reporting system (CPOMs).
- Ensure that there is an identified senior leader to take on the above responsibilities in the absence of the Headteacher.
- Be responsible for taking the lead in situations relating to allegations against staff members and volunteers that are received by the DSL/DDSL (Case Manager).
- Record details of all allegations against staff and volunteers, informing the Chair of the Trustees.
- Ensure each child in Reception has an assigned key person.
- Be responsible for carrying out any actions agreed by the LADO and reporting on outcomes where relevant to do so in confidential circumstances.
- Ensuring the relevant staffing ratios are met, where applicable.
- Ensure pupil records and SCR is kept up to date
- Audit safeguarding records alongside the DSL/DDSL on an annual basis.
- Communicate this policy to parents when their child joins the school, and via the website.

### **The specific responsibility of the Chair of Governors is as follows:**

- The chair is nominated to liaise with the LADO on Child Protection issues in the event of an allegation of abuse made against the Headteacher.

### **The specific responsibilities of the Governors' Safeguarding committee are as follows:**

- To review and evaluate the impact of school policies on pupils' behaviour, welfare and attendance, and the ethos of the school.
- Visit school and discuss practice.
- To receive reports on the monitoring of the attendance and behaviour of pupils and to submit reports and recommendations to the Trust as necessary.
- To consider any safeguarding issues and make recommendations for areas to be included in this respect in the School Improvement Plan.
- To maintain and review the school's safeguarding policy and procedures.
- Check single central record and school records.
- To consider and make recommendations to the Trust on the adoption of policies on specific subjects or aspects of safeguarding or pupil welfare.
- To agree such targets as the school determines for attendance and pupil welfare.
- To deal with any other pastoral or other relevant matters as may be referred by the Trust.
- All governors will read Keeping Children Safe in Education in its entirety.

## Akaal Primary School: Safeguarding Policy

### The specific responsibilities of the DSL/DDSL are as follows:

- \*Refer any child believed to have suffered, or likely to suffer, significant harm to Social Care without delay.
- Follow up any such referral in writing, within 48 hours.
- Ensure that detailed and accurate written records of concerns about a child are kept, even if there is no need to make an immediate referral, using the school's online reporting system CPOMs.
- Regularly review the CPOMs entries to ensure that there is early and effective identification of a child in need.
- Ensure that all such records are kept confidential, secure, and are separate from student records, until the child's 25<sup>th</sup> birthday. The file will contain a front sheet listing dates, staff making the referral, nature of the concern and whether a referral was made.
- Ensure that when children transfer school their safeguarding records are transferred within 5 days of them starting. These should be transferred separately from their other records and should be passed directly to the DSL in the receiving school against a signed & dated receipt. Any necessary discussion or explanation should be held.
- Ensure that an indication of further record keeping is marked on all students' school records.
- Acting as a focal point for staff concerns and liaising with other agencies and professionals.
- Monitor safeguarding cases, including any open cases and the number of students on the Safeguarding Register.
- Notify the LADO if there is an unexplained period of absence for any student on the Safeguarding Register of more than 2 days.
- Notify a student's social worker or key worker, without delay, of any new concern or relevant information about a student on the Safeguarding Register.
- Where there is uncertainty as to how to proceed in a potential safeguarding situation, seek the advice of the LADO.
- Develop effective links with the relevant agencies and co-operate as required with their enquiries regarding safeguarding matter.
- Attend case conferences, family support meetings, core groups, or other multi-agency planning meetings, and contribute to the assessment process.
- Ensure that all school staff and volunteers are aware of the School's Safeguarding Policy and procedures, and know how to recognise and refer any concerns.
- Keep up to date with current knowledge in order to fulfil the role.
- Attend the training provided specifically for the DSL/DDSL once every 2 years.
- Ensure that all staff receive appropriate training once every three years and appropriate induction on arrival.
- Inform the Headteacher immediately of any allegations against staff, volunteers or adults from other agencies working in school. Ensure that the Headteacher is supported and the correct procedures are followed.
- Attend any locally organised network meetings/briefings/update sessions to ensure that staff are updated regularly on current safeguarding issues and to provide a forum for the development of good practice.
- Ensure that children regularly receive guidance on on-line safety, through the curriculum including the PSHE/SMSC and Assembly programme. Ensure that all staff are trained to support children with on-line safety issues and are aware of how to receive support from relevant staff where appropriate (CEOP Ambassador).

## Akaal Primary School: Safeguarding Policy

- Support families before things get to Child In Need/Child Protection level using the local Early Help process.
- Support appropriately trained staff in delivering guidance to parents/carers on how to support their child at home with on-line safety. Support to both staff and students should be a planned and coordinated aspect of the school calendar. Additional guidance/support should be provided as required.
- Provide, in partnership with the Headteacher, an annual report for the Governors, detailing any training undertaken by the designated persons, and by all the staff and Governors, also including the number of students on the Safeguarding Register and other relevant strategic Safeguarding data (such as absence, incidences of bullying, racist incidents).
- Make amendments to the Safeguarding Policy as and when it is required.
- Assume responsibility for ensuring that procedures are carried out in line with this policy.
- Organise any additional training required as a result of changes to policy and procedure.
- Work with relevant staff in relation to a particular pupil, in order to identify the most successful way of dealing with their safeguarding need.
- Where relevant, ask specific members of staff to attend meetings in relation to a specific child, if this best supports the identification of the most successful way of dealing with a safeguarding need, recognising that ultimately the decisions regarding a safeguarding need will rest with the DSL/DDSL.
- Encouraging a culture of listening to children and taking account of their wishes and feelings in measures taken to protect them and understanding the difficulties children may have in approaching staff about their circumstances.
- In instances of suspected or actual sexual violence or sexual harassment, ensure that the DfE guideline “Sexual violence and sexual harassment between children in schools and colleges” (September 2021) is followed.
- Arrange support where a member of staff has been distressed as a result of dealing with a child protection concern.

### **The specific responsibilities of the Governing Board are as follows to:**

- Facilitate a whole-school approach to safeguarding, ensuring that safeguarding and child protection are at the forefront of, and underpin, all relevant aspects of process and policy development
- A senior leader has Designated Safeguarding Lead (DSL) responsibility.
- The DSLs undertake interagency training and also undertake DSL ‘new to role’ training and an ‘update’ course every 2 years.
- 
- Evaluate and approve this policy at each review, together with the Staff Code of Conduct, ensuring it complies with the law, and hold the Headteacher to account for its implementation
- Be aware of its obligations under the Human Rights Act 1998, the Equality Act 2010 (including the Public Sector Equality Duty), and our school’s local multi-agency safeguarding arrangements
- Appoint a Safeguarding governor to monitor the effectiveness of this policy in conjunction with the full governing board. This is always a different person from the DSL. The Safeguarding governor will champion issues to do with safeguarding children and child protection within the school, liaise with the DSL, and provide information and compliance / monitoring reports to the Governing Board.

## Akaal Primary School: Safeguarding Policy

The Governing Board will make sure that:

- The DSL has the appropriate status and authority to carry out their job, including additional time, funding, training, resources and support
- Online safety is a running and interrelated theme within the whole-school approach to safeguarding and related policies
- The leadership team and relevant staff are aware of and understand the IT filters and monitoring systems in place, manage them effectively and know how to escalate concerns
- The school has procedures to manage any safeguarding concerns (no matter how small) or allegations that do not meet the harm threshold (low-level concerns) about staff members (including supply staff, volunteers and contractors). Appendix 7 of this policy covers this procedure
- That this policy reflects that children with SEND, or certain medical or physical health conditions, can face additional barriers to any abuse or neglect being recognised
- that safeguarding requirements are a condition of using the school premises, and that any agreement to use the premises would be terminated if the other body fails to comply
- that there is at least one person on every recruitment panel that has completed Safer Recruitment training.
- Where services or activities are provided separately by another body, the Trust will seek written assurance that the body concerned has appropriate policies and procedures in place to safeguard and protect children, inspecting these where needed, and that there are arrangements to liaise with the school on these matters where appropriate.
- The school has procedures for dealing with allegations of abuse against staff and volunteers and for making a referral to the DBS if a person in regulated activity has been dismissed or removed due to safeguarding concerns, or would have had they not resigned.
- All other staff have Safeguarding training updated as appropriate.
- At least one member of the Governing Body, regularly involved in recruitment, undertakes Safer Recruitment training.

### **6) Confidentiality**

We recognise that all matters relating to child protection are confidential.

The DSLs will disclose any information about a child to other members of staff on a need to know basis only.

The DSL will balance any request from a child victim for confidentiality against their duty to protect both the victim and other children.

All staff must be aware that they have a professional responsibility to share information with other agencies in order to safeguard children.

Where the situation arises that we intend to refer a child to Social Care, we will always undertake to share this intention with the child's parents/carers, unless to do so could put the child at greater risk of harm, or impede a criminal investigation. If in doubt, we will consult with *Social Care* on this point.

## Akaal Primary School: Safeguarding Policy

Rape and sexual assault are crimes. Where a report of this nature is made, this should be referred to the Police. Whilst the age of criminal responsibility is 10, if the alleged perpetrator is under 10, the starting principle of referring to the Police remains.

We will endeavour to protect the anonymity of any children involved in any report of sexual violence or sexual harassment, for example, by considering which staff should know about the report and any support for the child(ren) involved. We will also have regard to the potential impact of social media in facilitating the spreading of rumours and exposing victims' identities.

### In addition:

- Timely information sharing is essential to effective safeguarding
- Fears about sharing information must not be allowed to stand in the way of the need to promote the welfare, and protect the safety, of children
- The Data Protection Act (DPA) 2018 and GDPR do not prevent, or limit, the sharing of information for the purposes of keeping children safe
- If staff need to share 'special category personal data', the DPA 2018 contains 'safeguarding of children and individuals at risk' as a processing condition that allows practitioners to share information without consent if it is not possible to gain consent, it cannot be reasonably expected that a practitioner gains consent, or if to gain consent would place a child at risk
- Staff should never promise a child that they will not tell anyone about a report of abuse, as this may not be in the child's best interests
- The government's [information sharing advice for safeguarding practitioners](#) includes 7 'golden rules' for sharing information, and will support staff who have to make decisions about sharing information
- If staff are in any doubt about sharing information, they should speak to the DSL (or deputy).

## 7) Recognising abuse and taking action

**Staff, volunteers and governors must follow the procedures set out below in the event of a safeguarding issue.**

### **If a child is suffering or likely to suffer harm, or in immediate danger**

Notify the DSL or the DDSL immediately if possible.

If the DSL / DDSL is unavailable, or if you believe a child is suffering or likely to suffer from harm or is in immediate danger, make a referral to children's social care and/or the police **immediately. Anyone can make a referral.** Tell the DSL/DDSL as soon as possible if you make a referral directly. Derby Social Care 01332 641172(9-4pm) or 01332 786968 (other hours).

### **If a child makes a disclosure to you, you should:**

- Listen to and believe them. Give them time to talk freely and do not ask leading questions. If you need to clarify information, ask open-ended questions: "Can you tell me...?" "Has this happened before....?" "Does anyone else know about this...?" "What does x mean?"
- Stay calm and do not show that you are shocked or upset

## Akaal Primary School: Safeguarding Policy

- Tell the child they have done the right thing in telling you. Do not tell them they should have told you sooner. Reassure them that they have done nothing wrong
- Explain what will happen next and that you will have to pass this information on. Do not promise to keep it a secret.
- Where a child is visibly upset or has an obvious injury, it is good practice to ask them why they are upset or how the injury was caused.

Bear in mind that some children may:

- Not feel ready, or know how to tell someone that they are being abused, exploited or neglected
- Not recognise their experiences as harmful
- Feel embarrassed, humiliated or threatened. This could be due to their vulnerability, disability, sexual orientation and/or language barriers

None of this should stop you from having a 'professional curiosity' and speaking to the DSL if you have concerns about a child.

If you have a safeguarding concern / allegation about another staff member (including supply staff, volunteers and contractors) that doesn't meet the harm threshold, you should share it in accordance with our Low Level Concerns Policy.

### Record

- Make notes as soon as possible afterwards using the words that the child has used (including grammatically incorrect sentences and inappropriate/slang language). Stick to the facts, and do not put your own judgement on it.
- Do not record your assumptions and interpretations, just what you heard and saw.
- Record the date, time and place of the disclosure.
- Sign any written records and identify your position in the school setting.
- Do not ask a child to write an account or sign any of your documentation as this may compromise enquiries that need to be made later by children's social care or Police.

### Refer

- Immediately inform the DSL who will be responsible for following the appropriate procedures. In the absence of anyone being available in school, contact the Community Operating Group Social Worker for advice.
- Sign and date the write-up and pass it on to the DSL immediately. **UNDER NO CIRCUMSTANCES SHOULD YOU LEAVE THE SCHOOL WITHOUT DISCUSSING CONCERNS.** Your report does not mean that a referral to social care will be made. This decision is the responsibility of the DSL. If you are unhappy about the response you receive you can contact the Local Community Operating Group where you may be put through to speak to a social worker.

### If you discover that FGM has taken place or a pupil is at risk of FGM

FGM comprises "all procedures involving partial or total removal of the external female genitalia, or other injury to the female genital organs" (Keeping Children Safe in Education).

## Akaal Primary School: Safeguarding Policy

FGM is illegal in the UK; this includes carrying out FGM outside of the UK on a UK national or resident. It is a form of child abuse with long-lasting, harmful consequences. It is also known as 'female genital cutting', 'circumcision' or 'initiation'.

Possible indicators that a pupil has already been subjected to FGM, and factors that suggest a pupil may be at risk, are set out in appendix 3.

**Any teacher** who discovers (either through disclosure by the victim or visual evidence) that an act of FGM appears to have been carried out on a **pupil under 18** must immediately report this to the police, personally. **This is a statutory duty, and teachers will face disciplinary sanctions for failing to meet it.**

Unless they have been specifically told not to disclose, they should also discuss the case with the DSL and involve children's social care as appropriate.

**Any other member of staff** who discovers that an act of FGM appears to have been carried out or that a child is at risk, must speak to the DSL and follow local safeguarding procedures.

The duty for teachers mentioned above does not apply in cases where a pupil is *at risk* of FGM or FGM is suspected but is not known to have been carried out. Instead this should be reported to our DSL and local safeguarding procedures should be followed (see Derby procedures flow chart).

**Staff should not examine pupils.**

**If you have concerns about a child (as opposed to believing a child is suffering or likely to suffer from harm, or is in immediate danger):**

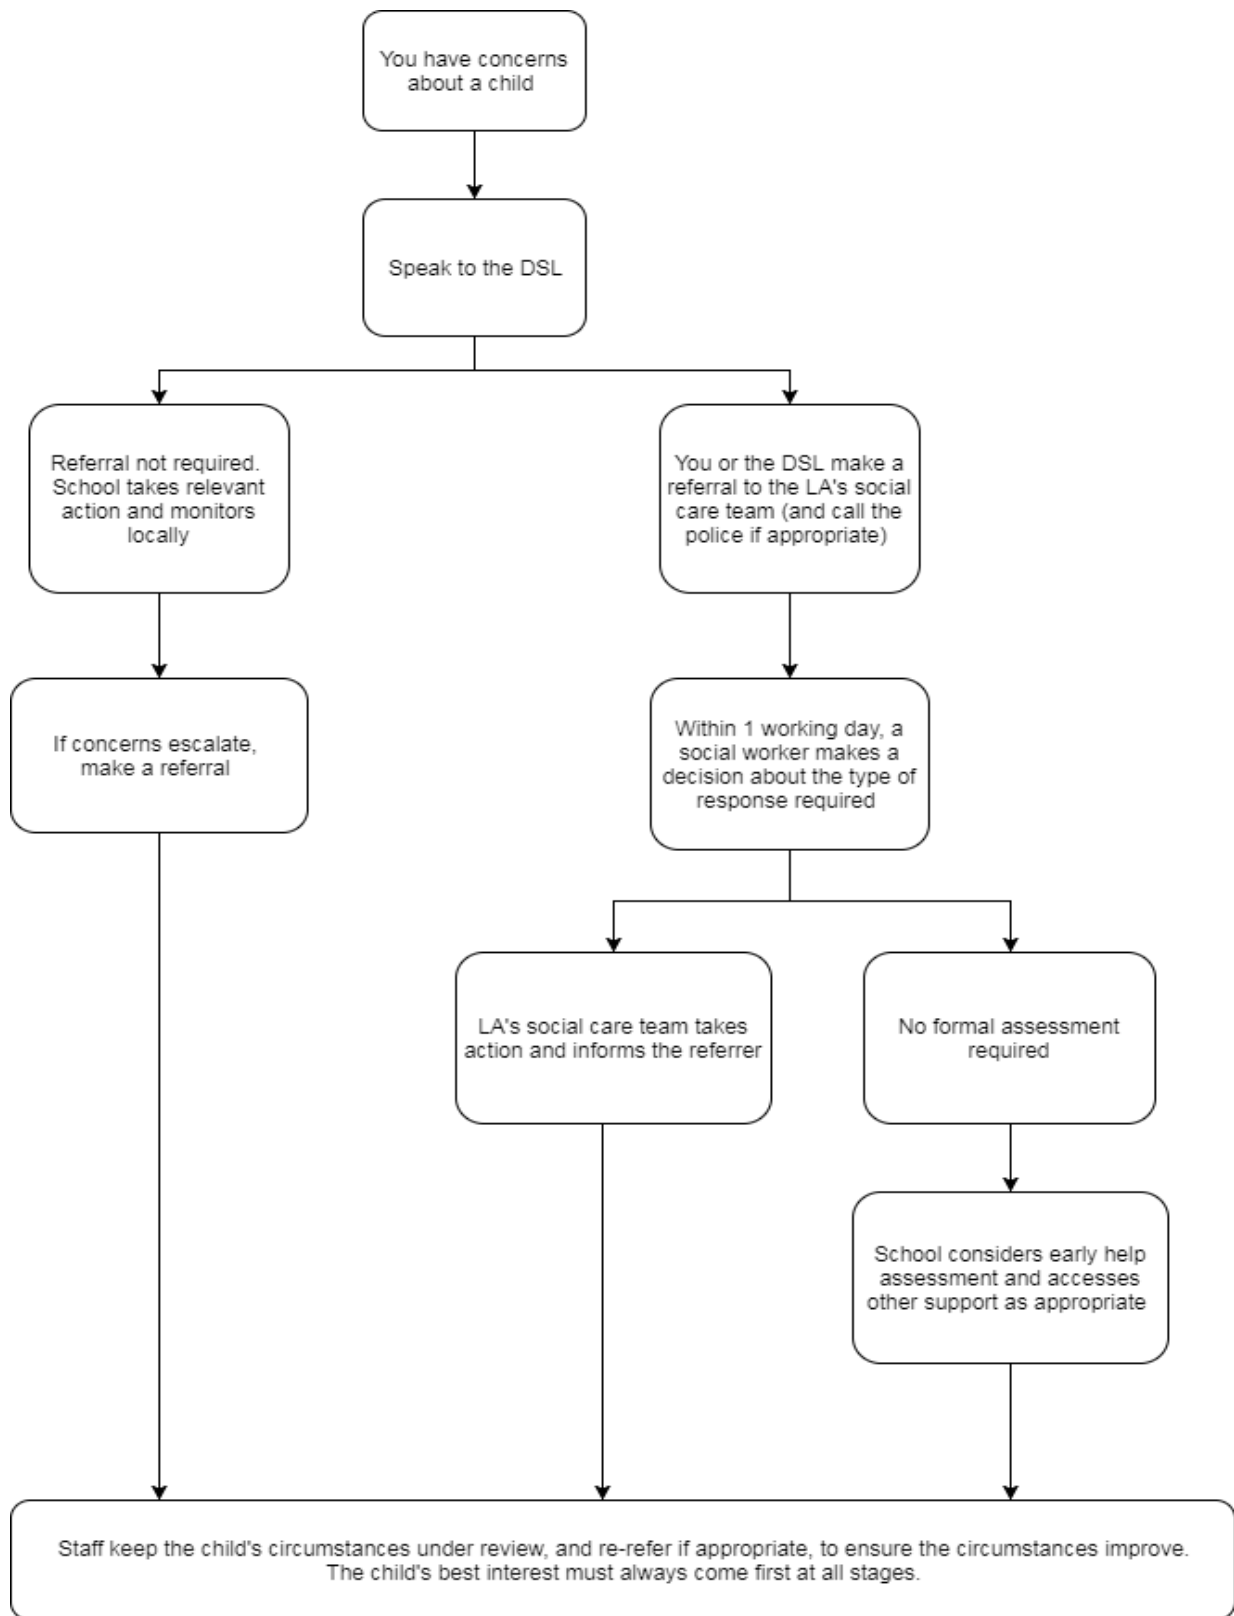

**Where possible, speak to the DSL first to agree a course of action.**

If in exceptional circumstances the DSL (or DDSL) is not available, this should not delay appropriate action being taken. Speak to a member of the senior leadership team and/or take advice from Derby Social Care 01332 641172(9-4pm) or 01332 786968 (other hours). You can also seek advice at any time from the NSPCC helpline on 0808 800 5000.

Share any action taken with the DSL as soon as practically possible.

**The diagram below shows the course of action to be taken.**

# Akaal Primary School: Safeguarding Policy

## **Akaal Primary School: Safeguarding Policy**

### **Early help**

If early help is appropriate, the DSL will generally lead on liaising with other agencies and setting up an inter-agency assessment as appropriate. School staff (eg a Family Support Worker) may be required to support other agencies and professionals in an early help assessment, in some cases acting as the lead practitioner.

The DSL will keep the case under constant review and the school will consider a referral to local authority children's social care if the situation does not seem to be improving. Timelines of interventions will be monitored and reviewed.

Early Help services in Derby are focused on vulnerable families where there is a need for coordinated support from agencies to prevent issues escalating to the point where families may require statutory Social Care services. In Derby Early Help services are integrated with children's safeguarding Services (Children's Social Care) and there are three locality teams that cover the city from three locality bases:

#### **Locality 1 and 5 covering:**

Derwent, Chaddesden, Spondon, Oakwood, Mackworth, Allestree and Darley.

#### **Locality 2 covering:**

Sinfin, Alvaston, Boulton, Chellaston.

#### **Locality 3 and 4 covering:**

Blagreaves, Littleover, Mickleover, Normanton, Abbey.

Support can also be arranged through the '**Priority Families Programme**'

Priority families have complex needs. They are households who have at least two of the following:

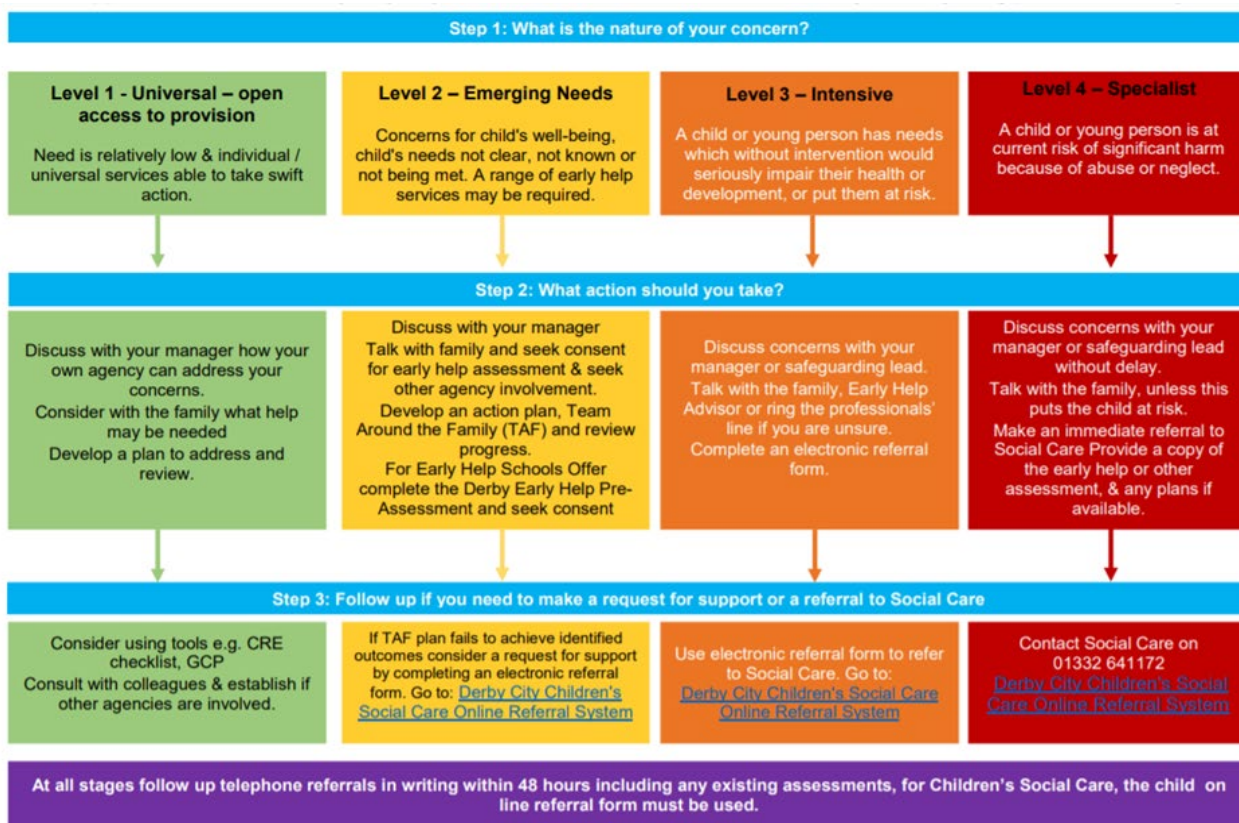

- parents and children involved in crime and anti-social behaviour
- children who have not been attending school regularly
- children who need help
- adults out of work or at risk of financial exclusion or young people at risk of being out of work
- families affected by domestic violence or abuse
- parents and children with a range of health problems

Tackling just one of their problems at a time is not going to help in the long-term. We must support and engage with every member of the family.

### **Referral to children's social care**

If it is appropriate to refer the case to local authority children's social care or the police, the DSL will make the referral or support you to do so.

# Akaal Primary School: Safeguarding Policy

If you make a referral directly, you must tell the DSL as soon as possible.

Where an urgent response is required, contact the **First Contact Team** by telephone. This must be followed up within 48 hours via the **Derby Children's Social Care Online Referral System**. In non-urgent situations or where there is no current assessment which could be submitted to the weekly Vulnerable Children's Meeting (VCM), an online referral can be submitted via the **Derby Children's Social Care Online Referral System**.

If the child's situation does not seem to be improving after the referral, the DSL or person who made the referral must follow local escalation procedures to ensure their concerns have been addressed and that the child's situation improves. Escalation policy and procedures are available at: <https://www.proceduresonline.com/derbyshire>

## If you have concerns about extremism

Speak to the DSL/DDSL first to agree a course of action, unless the child is suffering or likely to suffer harm, or is in immediate danger: if in exceptional circumstances the DSL is not available, this should not delay appropriate action being taken. Speak to a member of the senior leadership team and/or seek advice from Derby Social Care 01332 641172 (9-5) or 01332 786968 (other hours).

Where there is a concern, the DSL will consider the level of risk and decide to which agency to make a referral. This could include [Channel](#), the government's programme for identifying and supporting individuals at risk of being drawn into terrorism, or the local authority children's social care team. The LA Prevent Team can be contacted via email or mobile telephone:

## Akaal Primary School: Safeguarding Policy

Kyle.Hudson@derby.gov.uk	07867 461846
purjinder.gill@derby.gov.uk	07812 301218
Sally.Siner@derby.gov.uk	07765 222032

The Department for Education also has a dedicated telephone helpline, 020 7340 7264, which school staff and governors can call to raise concerns about extremism with respect to a pupil. You can also email [counter.extremism@education.gov.uk](mailto:counter.extremism@education.gov.uk). Note that this is not for use in emergency situations.

In an emergency, call 999 or the confidential anti-terrorist hotline on 0800 789 321 if you:

- Think someone is in immediate danger
- Think someone may be planning to travel to join an extremist group
- See or hear something that may be terrorist-related.

### If you have a mental health concern

Mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation.

Staff will be alert to behavioural signs that suggest a child may be experiencing a mental health problem or be at risk of developing one.

If you have a mental health concern about a child that is also a safeguarding concern, take immediate action by following the steps in section 7.

If you have a mental health concern that is **not** also a safeguarding concern, speak to the DSL to agree a course of action.

### Allegations against staff

All school staff should take care not to place themselves in a vulnerable position with a child. It is always advisable for interviews or work with individual children or parents to be conducted in view of other adults.

All Staff should be aware of *LOCAL* Guidance on behaviour issues, and the school's own Behaviour Management and Physical Intervention policies.

Guidance about conduct and safe practice, including safe use of mobile phones by staff and volunteers, will be given at induction and is included in the Staff Handbook.

### We understand that a pupil may make an allegation against a member of staff.

If such an allegation is made, or information is received which suggests that a person may be unsuitable to work with children, the member of staff receiving the allegation or aware of the information, will immediately inform the Headteacher. In all cases the Headteacher will follow the school policy.

The Headteacher will discuss the content of the allegation with the Local Authority Designated Officer (LADO).

## **Akaal Primary School: Safeguarding Policy**

If the allegation made to a member of staff concerns the Headteacher, the person receiving the allegation will immediately inform the Chair of Governors who will consult the LADO, without notifying the Headteacher first.

The school will follow the *LOCAL* procedures for managing allegations against staff. Where appropriate, the school will inform Ofsted of the allegation and actions taken, within the necessary timescale.

Suspension of the member of staff, excluding the Headteacher, against whom an allegation has been made, needs careful consideration, and the Headteacher will seek the advice of the LADO and the HR provider in making this decision.

In the event of an allegation against the Headteacher, the decision to suspend will be made by the Chair of Governors with advice.

If you have concerns about a member of staff (including a supply teacher or volunteer), you must speak to the Headteacher. If your concerns / allegations are about the Headteacher, you must speak to the Chair of Governors.

### **Whistle-blowing (see separate policy)**

We recognise that children cannot be expected to raise concerns in an environment where staff fail to do so.

All staff should be aware of their duty to raise concerns, where they exist, about the management of child protection, which may include the attitude or actions of colleagues. If internal procedures have been followed and it becomes necessary to consult outside the school, they should speak in the first instance, to the Area Education Officer/LADO following the Whistleblowing Policy.

Whistle-blowing in respect of the Headteacher should be to the Chair of Governors whose contact details are readily available to staff.

### **Physical Intervention**

We acknowledge that staff must only ever use physical intervention as a last resort, when a child is endangering him/herself or others, and that at all times it must be the minimal force necessary to prevent injury to another person.

Such events should be recorded and signed by a witness.

Staff will follow the Physical Restraint / Positive Handling Policy (*this is incorporated within the Behaviour Policy*).

We understand that physical intervention of a nature which causes injury or distress to a child may be considered under child protection or disciplinary procedures.

## **Akaal Primary School: Safeguarding Policy**

We recognise that touch is appropriate in the context of working with children, and all staff have been given 'Safe Practice' guidance to ensure they are clear about their professional boundaries.

### **Allegations of Abuse made against other pupils**

We recognise that children are capable of abusing their peers. Abuse will never be tolerated or passed off as "banter", "just having a laugh" or "part of growing up".

We also recognise the gendered nature of peer-on-peer abuse. However, all peer-on-peer abuse is unacceptable and will be taken seriously.

Most cases of pupils hurting other pupils will be dealt with under our school's behaviour policy, but this child protection and safeguarding policy will apply to any allegations that raise safeguarding concerns. This might include where the alleged behaviour:

- \* Is serious, and potentially a criminal offence
- \* Could put pupils in the school at risk
- \* Is violent
- \* Involves pupils being forced to use drugs or alcohol
- \* Involves sexual exploitation, sexual abuse or sexual harassment, such as indecent exposure, sexual assault, upskirting or sexually inappropriate pictures or videos (including sexting)

If a pupil makes an allegation of abuse against another pupil:

- You must record the allegation and tell the DSL, but do not investigate it
- The DSL will contact the local authority children's social care team and follow its advice, as well as the police if the allegation involves a potential criminal offence
- The DSL will put a risk assessment and support plan into place for all children involved (including the victim(s), the child(ren) against whom the allegation has been made and any others affected) with a named person they can talk to if needed. This will include considering school transport as a potentially vulnerable place for a victim or alleged perpetrator(s).
- The DSL will contact the children and adolescent mental health services (CAMHS), if appropriate
- If the incident is a criminal offence and there are delays in the criminal process, the DSL will work closely with the police (and other agencies as required) while protecting children and/or taking any disciplinary measures against the alleged perpetrator. We will ask the police if we have any questions about the investigation.

We will minimise the risk of peer-on-peer abuse by:

- Challenging any form of derogatory or sexualised language or behaviour, including requesting or sending sexual images
- Being vigilant to issues that particularly affect different genders – for example, sexualised or aggressive touching or grabbing towards female pupils, and initiation or hazing type violence with respect to boys
- Ensuring our curriculum helps to educate pupils about appropriate behaviour and consent

## Akaal Primary School: Safeguarding Policy

- Ensuring pupils know they can talk to staff confidentially by being open and transparent in an age-appropriate way, about subjects and situations which are inappropriate and give children strategies by which to voice to / alert staff about it. This includes weekly PD lessons and the class worry monsters.
- Ensuring staff are trained to understand that a pupil harming a peer could be a sign that the child is being abused themselves, and that this would fall under the scope of this policy

### Sexting

#### Your responsibilities when responding to an incident

If you are made aware of an incident involving sexting (also known as 'youth produced sexual imagery'), you must report it to the DSL immediately.

You must **not**:

- \* View, copy, print, share, store or save the imagery yourself, or ask a pupil or family member to share or download it (if you have already viewed the imagery by accident, you must report this to the DSL)
- \* Delete the imagery or ask the pupil or family member to delete it
- \* Ask the pupil(s) who are involved in the incident to disclose information regarding the imagery (this is the DSL's responsibility)
- \* Share information about the incident with other members of staff, the pupil(s) it involves or their, or other, parents and/or carers
- \* Say or do anything to blame or shame any young people involved

You should explain that you need to report the incident, and reassure the pupil(s) that they will receive support and help from the DSL.

#### Initial review meeting

Following a report of an incident, the DSL will hold an initial review meeting with appropriate school staff – this may include the staff member who reported the incident and the safeguarding or leadership team that deals with safeguarding concerns. This meeting will consider the initial evidence and aim to determine:

- Whether there is an immediate risk to pupil(s)
- If a referral needs to be made to the police and/or children's social care
- If it is necessary to view the image(s) in order to safeguard the young person (in most cases, images or videos should not be viewed)
- What further information is required to decide on the best response
- Whether the image(s) has been shared widely and via what services and/or platforms (this may be unknown)
- Whether immediate action should be taken to delete or remove images or videos from devices or online services
- Any relevant facts about the pupils involved which would influence risk assessment
- If there is a need to contact another school, college, setting or individual

## **Akaal Primary School: Safeguarding Policy**

- Whether to contact parents or carers of the pupils involved (in most cases parents/carers should be involved)

The DSL will make an immediate referral to police and/or children's social care if:

- The incident involves an adult
- There is reason to believe that a young person has been coerced, blackmailed or groomed, or if there are concerns about their capacity to consent (for example owing to special educational needs)
- What the DSL knows about the images or videos suggests the content depicts sexual acts which are unusual for the young person's developmental stage, or are violent
- The imagery involves sexual acts and any pupil in the images or videos is under 13
- The DSL has reason to believe a pupil is at immediate risk of harm owing to the sharing of nudes and semi-nudes (for example, the young person is presenting as suicidal or self-harming)

If none of the above apply then the DSL, in consultation with the Headteacher and other members of staff as appropriate, may decide to respond to the incident without involving the police or children's social care. The decision will be made and recorded in line with the procedures set out in this policy.

### **Further review by the DSL**

If at the initial review stage a decision has been made not to refer to police and/or children's social care, the DSL will conduct a further review to establish the facts and assess the risks.

They will hold interviews with the pupils involved (if appropriate).

If at any point in the process there is a concern that a pupil has been harmed or is at risk of harm, a referral will be made to children's social care and/or the police immediately.

### **Informing parents**

The DSL will inform parents at an early stage and keep them involved in the process, unless there is a good reason to believe that involving them would put the pupil at risk of harm.

### **Referring to the police**

If it is necessary to refer an incident to the police, this will be done by the DSL.

### **Recording incidents**

All sexting incidents and the decisions made in responding to them will be recorded. The record-keeping arrangements set out in section 7 of this policy also apply to recording incidents of sexting.

### **Curriculum coverage**

Pupils are taught about the issues surrounding sexting as part of our Year 6 Health and Relationships Education and Computing Curriculum. Teaching covers the following in relation to sexting:

- What it is
- How it is most likely to be encountered
- The consequences of requesting, forwarding or providing such images, including when it is and is not abusive and when it may be deemed as online sexual harassment
- Issues of legality

## **Akaal Primary School: Safeguarding Policy**

- The risk of damage to people's feelings and reputation

Pupils also learn the strategies and skills needed to manage:

- Specific requests or pressure to provide (or forward) such images
- The receipt of such images

This policy on sexting is also shared with pupils so they are aware of the processes the school will follow in the event of an incident.

### **8) Pupils with special educational needs and disabilities**

We recognise that pupils with special educational needs (SEN) and disabilities can face additional safeguarding challenges. Additional barriers can exist when recognising abuse and neglect in this group, including:

- Assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's disability without further exploration
- Pupils being more prone to peer group pressure or isolation than other pupils
- The potential for pupils with SEN and disabilities being disproportionately impacted by behaviours such as bullying, without outwardly showing any signs
- Communication barriers and difficulties in overcoming these barriers

### **9) Pupils with a social worker**

Pupils may need a social worker due to safeguarding or welfare needs. We recognise that a child's experiences of adversity and trauma can leave them vulnerable to further harm as well as potentially creating barriers to attendance, learning, behaviour and mental health.

The DSL and all members of staff will work with and support social workers to help protect vulnerable children.

Where we are aware that a pupil has a social worker, the DSL will always consider this fact to ensure any decisions are made in the best interests of the pupil's safety, welfare and educational outcomes. For example, it will inform decisions about:

- Responding to unauthorised absence or missing education where there are known safeguarding risks
- The provision of pastoral and/or academic support

### **10) Looked-after and previously looked-after children**

We will ensure that staff have the skills, knowledge and understanding to keep looked-after children and previously looked-after children safe. In particular, we will ensure that:

## Akaal Primary School: Safeguarding Policy

- staff have relevant information about children’s looked after legal status, contact arrangements with birth parents or those with parental responsibility, and care arrangements
- The DSL has details of children’s social workers and relevant virtual school heads

We have appointed a designated teacher who is responsible for promoting the educational achievement of looked-after children and previously looked-after children in line with [statutory guidance](#).

The designated teacher is appropriately trained and has the relevant qualifications and experience to perform the role.

As part of their role, the designated teacher will:

- Work closely with the DSL to ensure that any safeguarding concerns regarding looked-after and previously looked-after children are quickly and effectively responded to
- Work with virtual school heads to promote the educational achievement of looked-after and previously looked-after children, including discussing how pupil premium plus funding can be best used to support looked-after children and meet the needs identified in their personal education plans

### 11) Online Safety and the use of Mobile Technology

We recognise the importance of safeguarding children from potentially harmful and inappropriate online material, and we understand that technology is a significant component in many safeguarding and wellbeing issues.

To address this, our school aims to:

- Have robust processes in place to ensure the online safety of pupils, staff, volunteers and governors
- Protect and educate the whole school community in its safe and responsible use of technology, including mobile and smart technology (which we refer to as ‘mobile phones’)
- Set clear guidelines for the use of mobile phones for the whole school community
- Establish clear mechanisms to identify, intervene in and escalate any incidents or concerns, where appropriate

#### **The 4 key categories of risk**

Our approach to online safety is based on addressing the following categories of risk:

- **Content** – being exposed to illegal, inappropriate or harmful content, such as pornography, fake news, racism, misogyny, self-harm, suicide, antisemitism, radicalisation and extremism
- **Contact** – being subjected to harmful online interaction with other users, such as peer-to-peer pressure, commercial advertising and adults posing as children or young adults with the intention to groom or exploit them for sexual, criminal, financial or other purposes
- **Conduct** – personal online behaviour that increases the likelihood of, or causes, harm, such as making, sending and receiving explicit images (e.g. consensual and non-consensual sexting and/or pornography), sharing other explicit images and online bullying; and
- **Commerce** – risks such as online gambling, inappropriate advertising, phishing and/or financial scams

# Akaal Primary School: Safeguarding Policy

## Mobile phones and cameras

Staff are allowed to bring their personal phones to school for their own use, but will limit such use to non-contact time when pupils are not present. Staff members' personal phones will remain in their bags or cupboards during contact time with pupils.

Staff will not take pictures or recordings of pupils on their personal phones or cameras.

We will follow the General Data Protection Regulation and Data Protection Act 2018 when taking and storing photos and recordings for use in the school.

Please refer to the Digital & Social Technology Policy for further details.

## **12) Notifying parents or carers**

Where appropriate, we will discuss any concerns about a child with the child's parents or carers. The DSL will normally do this in the event of a suspicion or disclosure.

Other staff will only talk to parents or carers about any such concerns following consultation with the DSL.

If we believe that notifying the parents or carers would increase the risk to the child, we will discuss this with the local authority children's social care team before doing so.

In the case of allegations of abuse made against other children, we will normally notify the parents or carers of all the children involved. We will think carefully about what information we provide about the other child involved, and when. We will work with the police and/or local authority children's social care to make sure our approach to information sharing is consistent.

The DSL will, along with any relevant agencies (this will be decided on a case-by-case basis):

- Meet with the victim's parents or carers, with the victim, to discuss what's being put in place to safeguard them, and understand their wishes in terms of what support they may need and how the report will be progressed
- Meet with the alleged perpetrator's parents or carers to discuss support for them, and what's being put in place that will impact them, e.g. moving them out of classes with the victim, and the reason(s) behind any decision(s)

## **13) Complaints and concerns about school safeguarding policies**

### **Complaints against staff**

Complaints against staff that are likely to require a child protection investigation will be handled in accordance with our procedures for dealing with allegations of abuse made against staff (see Appendix 3).

### **Other Complaints**

Please refer to the school's Complaints Policy for further details.

### 14) Record-keeping

We will hold records in line with our records retention schedule.

All safeguarding concerns, discussions, decisions made and the reasons for those decisions, must be recorded in writing. If you are in any doubt about whether to record something, discuss it with the DSL.

Non-confidential records will be easily accessible and available. Confidential information and records will be held securely and only available to those who have a right or professional need to see them.

Safeguarding records relating to individual children will be retained from the child's date of birth plus 25 years, at which time it is reviewed.

If a child for whom the school has, or has had, safeguarding concerns moves to another school, the DSL will ensure that their child protection file is forwarded promptly and securely, and separately from the main pupil file. In addition, if the concerns are significant or complex, and/or social services are involved, the DSL will speak to the DSL of the receiving school and provide information to enable them to have time to make any necessary preparations to ensure the safety of the child.

Our main alert and record-keeping system is CPOMS.

In addition some paper-based files are kept in a secure filing cabinet, to which the DSL has access.

Information that needs to be shared with partner agencies is transferred using egress or via other secure portals (eg WelfareCall).

In addition:

- Appendix 2 sets out our policy on recruitment and pre-employment checks

- Appendix 3 provides the most recent definitions of a range of specific safeguarding aspects.

### 15) Training

#### **All Staff**

All staff members will undertake safeguarding and child protection training at induction, including on whistle-blowing procedures, to ensure they understand the school's safeguarding systems and their responsibilities, and can identify signs of possible abuse or neglect. This training will be regularly updated and will be in line with advice from the 3 safeguarding partners.

All staff will have training on the government's anti-radicalisation strategy, Prevent, to enable them to identify children at risk of being drawn into terrorism and to challenge extremist ideas.

Staff will also receive regular safeguarding and child protection updates (for example, through emails, e-bulletins and staff meetings) as required, but at least annually.

Volunteers will receive appropriate training, if applicable.

#### **The DSL & deputy DSL**

## **Akaal Primary School: Safeguarding Policy**

The DSL and deputy DSL will undertake child protection and safeguarding training at least every 2 years.

In addition, they will update their knowledge and skills at regular intervals and at least annually (for example, through e-bulletins, meeting other DSLs, or taking time to read and digest safeguarding developments).

They will also undertake Prevent awareness training.

### **Governors**

All governors will receive training about safeguarding (including online safety) at induction, which is regularly updated, to make sure they have the knowledge and information needed to perform their functions and understand their responsibilities, such as providing strategic challenge and supporting the school to deliver a robust whole school approach to safeguarding, via effective safeguarding policies and procedures.

As the chair of governors may be required to act as the 'case manager' in the event that an allegation of abuse is made against the Headteacher, they receive training in managing allegations for this purpose.

### **Recruitment interview panels**

At least one person conducting any interview for a post at the school will have undertaken safer recruitment training. This will cover, as a minimum, the contents of the Department for Education's statutory guidance, Keeping Children Safe in Education, and will be in line with local safeguarding procedures.

### **Staff who have contact with pupils and families**

All staff who have contact with children and families will have support, coaching and training, including supervision meetings to allow for confidential discussions of sensitive issues.

## **16) Monitoring and Evaluation**

Our Safeguarding Policy and Procedures will be monitored and evaluated by:

- Trustee visits to the school
- Safeguarding reports
- SLT 'drop ins' and discussions with children and staff
- Pupil surveys and questionnaires
- Scrutiny of Attendance data
- Scrutiny of range of risk assessments
- Scrutiny of Governing Body meeting minutes
- Logs of bullying/racist/behaviour incidents for SLT and Trustees to monitor
- Review of parental concerns and parent questionnaire

### **Policy Review**

This policy will be reviewed in full by the Governing Board on an annual basis.

**In addition to this, there is an Internal Safeguarding audit annually, an Annual Local Authority Safeguarding audit and an External Safeguarding review (as and when required).**

LADO	Local Authority Designated Officer
CEOP	Child Exploitation and Online Protection
DBS	Disclosure and Barring Service

## **Akaal Primary School: Safeguarding Policy**

We are committed to equal opportunities for all, irrespective of ethnicity, gender, sexuality, disability or religion. We will monitor the impact of this.

### Recognising signs of child abuse

#### Categories of Abuse:

- Physical Abuse
- Emotional Abuse (including Domestic Abuse)
- Sexual Abuse
- Neglect

#### Signs of Abuse in Children:

The following non-specific signs may indicate something is wrong:

- Significant change in behaviour
- Extreme anger or sadness
- Aggressive and attention-seeking behaviour
- Suspicious bruises with unsatisfactory explanations
- Lack of self-esteem
- Self-injury
- Depression
- Age inappropriate sexual behaviour
- Child Sexual Exploitation

#### Risk Indicators

The factors described in this section are frequently found in cases of child abuse. Their presence is not proof that abuse has occurred, but:

- Must be regarded as indicators of the possibility of significant harm.
- Justifies the need for careful assessment and discussion with designated/named/lead person, manager (or in the absence of all those individuals, an experienced colleague).
- May require consultation with and/or referral to Children's Services.

The absence of such indicators does not mean that abuse or neglect has not occurred.

In an abusive relationship the child may:

- Appear frightened of the parent/s or carer.
- Act in a way that is inappropriate to her/his age and development (though full account needs to be taken of different patterns of development and different ethnic groups).

The parent or carer may:

- Persistently avoid child health promotion services and treatment of the child's episodic illnesses
- Have unrealistic expectations of the child
- Frequently complain about/to the child and may fail to provide attention or praise (high criticism/low warmth environment)
- Be absent or misusing substances
- Persistently refuse to allow access on home visits
- Be involved in domestic abuse.

## **Akaal Primary School: Safeguarding Policy**

Staff should be aware of the potential risk to children when individuals, previously known or suspected to have abused children, move into the household.

### **Recognising Physical Abuse**

The following are often regarded as indicators of concern:

- An explanation which is inconsistent with an injury
- Several different explanations provided for an injury
- Unexplained delay in seeking treatment
- The parents/carers are uninterested or undisturbed by an accident or injury
- Parents are absent without good reason when their child is presented for treatment
- Repeated presentation of minor injuries (which may represent a “cry for help” and if ignored could lead to a more serious injury)
- Family use of different doctors and A&E departments
- Reluctance to give information or mention previous injuries.

### **Bruising**

Children can have accidental bruising, but the following must be considered as non-accidental unless there is evidence or an adequate explanation provided:

- Any bruising to a pre-crawling or pre-walking baby
- Bruising in or around the mouth, particularly in small babies which may indicate force feeding
- Two simultaneous bruised eyes, without bruising to the forehead, (rarely accidental, though a single bruised eye can be accidental or abusive)
- Repeated or multiple bruising on the head or on sites unlikely to be injured accidentally
- Variation in colour possibly indicating injuries caused at different times
- The outline of an object used e.g. belt marks, hand prints or a hair brush
- Bruising or tears around, or behind, the earlobe/s indicating injury by pulling or twisting
- Bruising around the face
- Grasp marks on small children
- Bruising on the arms, buttocks and thighs may be an indicator of sexual abuse.

### **Bite Marks**

Bite marks can leave clear impressions of the teeth. Human bite marks are oval or crescent shaped. Those over 3cm in diameter are more likely to have been caused by an adult or older child.

A medical opinion should be sought where there is any doubt over the origin of the bite.

# Akaal Primary School: Safeguarding Policy

## Burns and Scalds

It can be difficult to distinguish between accidental and non-accidental burns and scalds, and will always require experienced medical opinion. Any burn with a clear outline may be suspicious eg:

- Circular burns from cigarettes (but may be friction burns if along the bony protuberance of the spine)
- Linear burns from hot metal rods or electrical fire elements
- Burns of uniform depth over a large area
- Scalds that have a line indicating immersion or poured liquid (a child getting into hot water is his/her own accord will struggle to get out and cause splash marks)
- Old scars indicating previous burns/scalds which did not have appropriate treatment or adequate explanation
- Scalds to the buttocks of a small child, particularly in the absence of burns to the feet, are indicative of dipping into a hot liquid or bath.

## Fractures

Fractures may cause pain, swelling and discolouration over a bone or joint.

Non-mobile children rarely sustain fractures.

There are grounds for concern if:

- The history provided is vague, non-existent or inconsistent with the fracture type
- There are associated old fractures
- Medical attention is sought after a period of delay when the fracture has caused symptoms such as swelling, pain or loss of movement
- There is an unexplained fracture in the first year of life.

## Scars

A large number of scars or scars of different sizes or ages, or on different parts of the body, may suggest abuse.

## Recognising Emotional Abuse

Emotional abuse may be difficult to recognise, as the signs are usually behavioural rather than physical. The manifestations of emotional abuse might also indicate the presence of other kinds of abuse.

The indicators of emotional abuse are often also associated with other forms of abuse.

The following may be indicators of emotional abuse:

- Developmental delay
- Abnormal attachment between a child and parent/carer e.g. anxious, indiscriminate or not attachment
- Indiscriminate attachment or failure to attach
- Aggressive behaviour towards others
- Scapegoated within the family

## **Akaal Primary School: Safeguarding Policy**

- Frozen watchfulness, particularly in pre-school children
- Low self-esteem and lack of confidence
- Withdrawn or seen as a “loner” – difficulty relating to others.

### **Recognising Signs of Sexual Abuse**

Boys and girls of all ages may be sexually abused and are frequently scared to say anything due to guilt and/or fear. This is particularly difficult for a child to talk about and full account should be taken of the cultural sensitivities of any individual child/family.

Recognition can be difficult, unless the child discloses and is believed. There may be no physical signs and indications are likely to be emotional/behavioural.

Some behavioural indicators associated with this form of abuse are:

- Inappropriate sexualised conduct
- Sexually explicit behaviour, play or conversation, inappropriate to the child’s age
- Continual and inappropriate or excessive masturbation
- Self-harm (including eating disorder), self-mutilation and suicide attempts
- Involvement in prostitution or indiscriminate choice of sexual partners
- An anxious unwillingness to remove clothes e.g. for sports events (but this may be related to cultural norms or physical difficulties).

Some physical indicators associated with this form of abuse are:

- Pain or itching of genital area
- Blood on underclothes
- Pregnancy in a younger girl where the identity of the father is not disclosed
- Physical symptoms such as injuries to the genital or anal area, bruising to buttocks, abdomen and thighs, sexually transmitted disease, presence of semen on vagina, anus, external genitalia or clothing.

### **Recognising Neglect**

Evidence of neglect is built up over a period of time and can cover different aspects of parenting.

Indicators include:

- Failure by parents or carers to meet the basic essential needs e.g. adequate food, clothes, warmth, hygiene and medical care
- A child seen to be listless, apathetic and irresponsive with no apparent medical cause
- Failure of child to grow within normal expected pattern, with accompanying weight loss
- Child thrives away from home environment
- Child frequently absent from school
- Child left with adults who are intoxicated or violent
- Child abandoned or left alone for excessive periods

We will record all information on the checks carried out in the school's single central record (SCR). Copies of these checks, where appropriate, will be held in individuals' personnel files. We follow requirements and best practice in retaining copies of these checks, as set out below.

### New staff

When appointing new staff, we will:

- Verify their identity
- Obtain (via the applicant) an enhanced Disclosure and Barring Service (DBS) certificate, including barred list information for those who will be engaging in regulated activity (see definition below). We will not keep a copy of this for longer than 6 months
- Obtain a separate barred list check if they will start work in regulated activity before the DBS certificate is available
- Verify their mental and physical fitness to carry out their work responsibilities
- Verify their right to work in the UK. We will keep a copy of this verification for the duration of the member of staff's employment and for 2 years afterwards
- Verify their professional qualifications, as appropriate
- Ensure they are not subject to a prohibition order if they are employed to be a teacher
- Carry out further additional checks, as appropriate, on candidates who have lived or worked outside of the UK. Where available, these will include:
- For all staff, including teaching positions: [criminal records checks for overseas applicants](#)
- For teaching positions: obtaining a letter of professional standing from the professional regulating authority in the country where the applicant has worked
- Check that candidates taking up a management position are not subject to a prohibition from management (section 128) direction made by the secretary of state

We will ensure that appropriate checks are carried out to ensure that individuals are not disqualified under the 2018 Childcare Disqualification Regulations and Childcare Act 2006. Where we take a decision that an individual falls outside of the scope of these regulations and we do not carry out such checks, we will retain a record of our assessment on the individual's personnel file. This will include our evaluation of any risks and control measures put in place, and any advice sought.

We will ask for written information about previous employment history and check that information is not contradictory or incomplete.

We will seek references on all short-listed candidates, including internal candidates, before interview. We will scrutinise these and resolve any concerns before confirming appointments. The references requested will ask specific questions about the suitability of the applicant to work with children.

**Regulated activity** means a person who will be:

- Responsible, on a regular basis in a school or college, for teaching, training, instructing, caring for or supervising children; or

## Akaal Primary School: Safeguarding Policy

- Carrying out paid, or unsupervised unpaid, work regularly in a school or college where that work provides an opportunity for contact with children; or
- Engaging in intimate or personal care or overnight activity, even if this happens only once and regardless of whether they are supervised or not

### Existing staff

If we have concerns about an existing member of staff's suitability to work with children, we will carry out all the relevant checks as if the individual was a new member of staff. We will also do this if an individual moves from a post that is not regulated activity to one that is.

We will refer to the DBS anyone who has harmed, or poses a risk of harm, to a child or vulnerable adult where:

- We believe the individual has engaged in [relevant conduct](#); or
- The individual has received a caution or conviction for a relevant offence, or there is reason to believe the individual has committed a listed relevant offence, under the [Safeguarding Vulnerable Groups Act 2006 \(Prescribed Criteria and Miscellaneous Provisions\) Regulations 2009](#); or
- The 'harm test' is satisfied in respect of the individual (i.e. they may harm a child or vulnerable adult or put them at risk of harm); and
- The individual has been removed from working in regulated activity (paid or unpaid) or would have been removed if they had not left

### Agency and third-party staff

We will obtain written notification from any agency or third-party organisation that it has carried out the necessary safer recruitment checks that we would otherwise perform. We will also check that the person presenting themselves for work is the same person on whom the checks have been made.

### Contractors

We will ensure that any contractor, or any employee of the contractor, who is to work at the school has had the appropriate level of DBS check (this includes contractors who are provided through a PFI or similar contract). This will be:

- An enhanced DBS check with barred list information for contractors engaging in regulated activity
- An enhanced DBS check, not including barred list information, for all other contractors who are not in regulated activity but whose work provides them with an opportunity for regular contact with children

We will obtain the DBS check for self-employed contractors.

We will not keep copies of such checks for longer than 6 months.

Contractors who have not had any checks will not be allowed to work unsupervised or engage in regulated activity under any circumstances.

We will check the identity of all contractors and their staff on arrival at the school.

For self-employed contractors such as music teachers or sports coaches, we will ensure that appropriate checks are carried out to ensure that individuals are not disqualified under the 2018

## **Akaal Primary School: Safeguarding Policy**

Childcare Disqualification Regulations and Childcare Act 2006. Where we decide that an individual falls outside of the scope of these regulations and we do not carry out such checks, we will retain a record of our assessment. This will include our evaluation of any risks and control measures put in place, and any advice sought.

### **Trainee/student teachers**

Where applicants for initial teacher training are salaried by us, we will ensure that all necessary checks are carried out.

Where trainee teachers are fee-funded, we will obtain written confirmation from the training provider that necessary checks have been carried out and that the trainee has been judged by the provider to be suitable to work with children.

In both cases, this includes checks to ensure that individuals are not disqualified under the 2018 Childcare Disqualification Regulations and Childcare Act 2006.

### **Volunteers**

We will:

- Never leave an unchecked volunteer unsupervised or allow them to work in regulated activity
- Obtain an enhanced DBS check with barred list information for all volunteers who are new to working in regulated activity
- out a risk assessment when deciding whether to seek an enhanced DBS check without barred list information for any volunteers not engaging in regulated activity. We will retain a record of this risk assessment
- Ensure that appropriate checks are carried out to ensure that individuals are not disqualified under the 2018 Childcare Disqualification Regulations and Childcare Act 2006. Where we decide that an individual falls outside of the scope of these regulations and we do not carry out such checks, we will retain a record of our assessment. This will include our evaluation of any risks and control measures put in place, and any advice sought

### **Governors and Members**

All governors and members will have an enhanced DBS check without barred list information.

They will have an enhanced DBS check with barred list information if working in regulated activity.

The chair of the board will have their DBS check countersigned by the secretary of state.

All proprietors, trustees, local governors and members will also have the following checks:

- A section 128 check (to check prohibition on participation in management under [section 128 of the Education and Skills Act 2008](#)).
- Identity
- Right to work in the UK
- checks deemed necessary if they have lived or worked outside the UK

### **Staff working in alternative provision settings**

## **Akaal Primary School: Safeguarding Policy**

Where we place a pupil with an alternative provision provider, we obtain written confirmation from the provider that they have carried out the appropriate safeguarding checks on individuals working there that we would otherwise perform.

## **Appendix 3: Allegations of abuse made against staff**

### **Section 1: allegations that may meet the harms threshold**

This section applies to all cases in which it is alleged that a current member of staff, including a supply teacher, volunteer or contractor, has:

- Behaved in a way that has harmed a child, or may have harmed a child, and/or
- Possibly committed a criminal offence against or related to a child, and/or
- Behaved towards a child or children in a way that indicates they may pose a risk of harm to children, and/or
- Behaved or may have behaved in a way that indicates they may not be suitable to work with children – this includes behaviour taking place both inside and outside of school

If we're in any doubt as to whether a concern meets the harm threshold, we will consult our local authority designated officer (LADO).

We will deal with any allegation of abuse quickly, in a fair and consistent way that provides effective child protection while also supporting the individual who is the subject of the allegation.

A 'case manager' will lead any investigation. This will be the Headteacher, or the chair of governors where the headteacher is the subject of the allegation. The case manager will be identified at the earliest opportunity.

Our procedures for dealing with allegations will be applied with common sense and judgement.

### **Suspension of the accused until the case is resolved**

Suspension of the accused will not be the default position, and will only be considered in cases where there is reason to suspect that a child or other children is/are at risk of harm, or the case is so serious that there might be grounds for dismissal. In such cases, we will only suspend an individual if we have considered all other options available and there is no reasonable alternative.

Based on an assessment of risk, we will consider alternatives such as:

- Redeployment within the school so that the individual does not have direct contact with the child or children concerned
- Providing an assistant to be present when the individual has contact with children
- Redeploying the individual to alternative work in the school so that they do not have unsupervised access to children
- Moving the child or children to classes where they will not come into contact with the individual, making it clear that this is not a punishment and parents/carers have been consulted
- Temporarily redeploying the individual to another role in a different location, for example to an alternative school or other work for the academy trust.

If in doubt, the case manager will seek views from the school's personnel adviser and the designated officer at the local authority, as well as the police and children's social care where they have been involved.

### **Definitions for outcomes of allegation investigations**

## Akaal Primary School: Safeguarding Policy

- **Substantiated:** there is sufficient evidence to prove the allegation
- **Malicious:** there is sufficient evidence to disprove the allegation and there has been a deliberate act to deceive, or to cause harm to the subject of the allegation
- **False:** there is sufficient evidence to disprove the allegation
- **Unsubstantiated:** there is insufficient evidence to either prove or disprove the allegation (this does not imply guilt or innocence)
- **Unfounded:** to reflect cases where there is no evidence or proper basis which supports the allegation being made

### Procedure for dealing with allegations

In the event of an allegation that meets the criteria above, the case manager will take the following steps:

- Conduct basic enquiries in line with local procedures to establish the facts to help determine whether there is any foundation to the allegation before carrying on with the steps below
- Discuss the allegation with the designated officer at the local authority. This is to consider the nature, content and context of the allegation and agree a course of action, including whether further enquiries are necessary to enable a decision on how to proceed, and whether it is necessary to involve the police and/or children's social care services. (The case manager may, on occasion, consider it necessary to involve the police *before* consulting the designated officer – for example, if the accused individual is deemed to be an immediate risk to children or there is evidence of a possible criminal offence. In such cases, the case manager will notify the designated officer as soon as practicably possible after contacting the police)
- Inform the accused individual of the concerns or allegations and likely course of action as soon as possible after speaking to the designated officer (and the police or children's social care services, where necessary). Where the police and/or children's social care services are involved, the case manager will only share such information with the individual as has been agreed with those agencies
- Where appropriate (in the circumstances described above), carefully consider whether suspension of the individual from contact with children at the school is justified or whether alternative arrangements such as those outlined above can be put in place. Advice will be sought from the designated officer, police and/or children's social care services, as appropriate
- Where the case manager is concerned about the welfare of other children in the community or the individual's family, they will discuss these concerns with the DSL and make a risk assessment of the situation. If necessary, the DSL may make a referral to children's social care
- **If immediate suspension is considered necessary**, agree and record the rationale for this with the designated officer. The record will include information about the alternatives to suspension that have been considered, and why they were rejected. Written confirmation of the suspension will be provided to the individual facing the allegation or concern within 1 working day, and the individual will be given a named contact at the school and their contact details
- **If it is decided that no further action is to be taken** in regard to the subject of the allegation or concern, record this decision and the justification for it and agree with the designated officer what information should be put in writing to the individual and by whom, as well as what action should follow both in respect of the individual and those who made the initial allegation

## Akaal Primary School: Safeguarding Policy

- **If it is decided that further action is needed**, take steps as agreed with the designated officer to initiate the appropriate action in school and/or liaise with the police and/or children's social care services as appropriate
- Provide effective support for the individual facing the allegation or concern, including appointing a named representative to keep them informed of the progress of the case and considering what other support is appropriate.
- Inform the parents or carers of the child/children involved about the allegation as soon as possible if they do not already know (following agreement with children's social care services and/or the police, if applicable). The case manager will also inform the parents or carers of the requirement to maintain confidentiality about any allegations made against teachers (where this applies) while investigations are ongoing. Any parent or carer who wishes to have the confidentiality restrictions removed in respect of a teacher will be advised to seek legal advice
- Keep the parents or carers of the child/children involved informed of the progress of the case (only in relation to their child – no information will be shared regarding the staff member)
- Make a referral to the DBS where it is thought that the individual facing the allegation or concern has engaged in conduct that harmed or is likely to harm a child, or if the individual otherwise poses a risk of harm to a child

We will inform Ofsted of any allegations of serious harm or abuse by any person living, working, or looking after children at the premises (whether the allegations relate to harm or abuse committed on the premises or elsewhere), and any action taken in respect of the allegations. This notification will be made as soon as reasonably possible and always within 14 days of the allegations being made.

If the school is made aware that the secretary of state has made an interim prohibition order in respect of an individual, we will immediately suspend that individual from teaching, pending the findings of the investigation by the Teaching Regulation Agency.

Where the police are involved, wherever possible the school will ask the police at the start of the investigation to obtain consent from the individuals involved to share their statements and evidence for use in the school's disciplinary process, should this be required at a later point.

### **Additional considerations for supply teachers and all contracted staff**

If there are concerns or an allegation is made against someone not directly employed by the school, such as a supply teacher or contracted staff member provided by an agency, we will take the actions below in addition to our standard procedures.

- We will not decide to stop using an individual due to safeguarding concerns without finding out the facts and liaising with our LADO to determine a suitable outcome
- The governing board will discuss with the agency whether it is appropriate to suspend the individual, or redeploy them to another part of the school, while the school carries out the investigation
- We will involve the agency fully, but the school will take the lead in collecting the necessary information and providing it to the LADO as required
- We will address issues such as information sharing, to ensure any previous concerns or allegations known to the agency are taken into account (we will do this, for example, as part of the allegations management meeting or by liaising directly with the agency where necessary)

## **Akaal Primary School: Safeguarding Policy**

When using an agency, we will inform them of our process for managing allegations, and keep them updated about our policies as necessary, and will invite the agency's HR manager or equivalent to meetings as appropriate.

### **Timescales**

We will deal with all allegations as quickly and effectively as possible and will endeavour to comply with the following timescales, where reasonably practicable:

- Any cases where it is clear immediately that the allegation is unsubstantiated or malicious should be resolved within 1 week
- If the nature of an allegation does not require formal disciplinary action, appropriate action should be taken within 3 working days
- If a disciplinary hearing is required and can be held without further investigation, this should be held within 15 working days

However, these are objectives only and where they are not met, we will endeavour to take the required action as soon as possible thereafter.

### **Specific actions**

#### **Action following a criminal investigation or prosecution**

The case manager will discuss with the local authority's designated officer whether any further action, including disciplinary action, is appropriate and, if so, how to proceed, taking into account information provided by the police and/or children's social care services.

#### **Conclusion of a case where the allegation is substantiated**

If the allegation is substantiated and the individual is dismissed or the school ceases to use their services, or the individual resigns or otherwise ceases to provide their services, the school will make a referral to the DBS for consideration of whether inclusion on the barred lists is required.

If the individual concerned is a member of teaching staff, the school will consider whether to refer the matter to the Teaching Regulation Agency to consider prohibiting the individual from teaching.

#### **Individuals returning to work after suspension**

If it is decided on the conclusion of a case that an individual who has been suspended can return to work, the case manager will consider how best to facilitate this.

The case manager will also consider how best to manage the individual's contact with the child or children who made the allegation, if they are still attending the school.

#### **Unsubstantiated, unfounded, false or malicious reports**

If a report is:

- Determined to be unsubstantiated, unfounded, false or malicious, the DSL will consider the appropriate next steps. If they consider that the child and/or person who made the allegation is in need of help, or the allegation may have been a cry for help, a referral to children's social care may be appropriate
- Shown to be deliberately invented, or malicious, the school will consider whether any disciplinary action is appropriate against the individual(s) who made it

#### **Unsubstantiated, unfounded, false or malicious allegations**

If an allegation is:

## **Akaal Primary School: Safeguarding Policy**

- Determined to be unsubstantiated, unfounded, false or malicious, the LADO and case manager will consider the appropriate next steps. If they consider that the child and/or person who made the allegation is in need of help, or the allegation may have been a cry for help, a referral to children's social care may be appropriate
- Shown to be deliberately invented, or malicious, the school will consider whether any disciplinary action is appropriate against the individual(s) who made it

### **Confidentiality and information sharing**

The school will make every effort to maintain confidentiality and guard against unwanted publicity while an allegation is being investigated or considered.

The case manager will take advice from the LADO, police and children's social care services, as appropriate, to agree:

- Who needs to know about the allegation and what information can be shared
- How to manage speculation, leaks and gossip, including how to make parents or carers of a child/children involved aware of their obligations with respect to confidentiality
- What, if any, information can be reasonably given to the wider community to reduce speculation
- How to manage press interest if, and when, it arises

### **Record-keeping**

The case manager will maintain clear records about any case where the allegation or concern meets the criteria above and store them on the individual's confidential personnel file for the duration of the case.

The records of any allegation that, following an investigation, is found to be malicious or false will be deleted from the individual's personnel file (unless the individual consents for the records to be retained on the file).

For all other allegations (which are not found to be malicious or false), the following information will be kept on the file of the individual concerned:

- A clear and comprehensive summary of the allegation
- Details of how the allegation was followed up and resolved
- Notes of any action taken, decisions reached and the outcome
- A declaration on whether the information will be referred to in any future reference

In these cases, the school will provide a copy to the individual, in agreement with children's social care or the police as appropriate.

Where records contain information about allegations of sexual abuse, we will preserve these for the Independent Inquiry into Child Sexual Abuse (IICSA), for the term of the inquiry. We will retain all other records at least until the individual has reached normal pension age, or for 10 years from the date of the allegation if that is longer.

### **References**

When providing employer references, we will:

## Akaal Primary School: Safeguarding Policy

- Not refer to any allegation that has been found to be false, unfounded, unsubstantiated or malicious, or any repeated allegations which have all been found to be false, unfounded, unsubstantiated or malicious
- Include substantiated allegations, provided that the information is factual and does not include opinions

### Learning lessons

After any cases where the allegations are *substantiated*, the case manager will review the circumstances of the case with the local authority's designated officer to determine whether there are any improvements that we can make to the school's procedures or practice to help prevent similar events in the future.

This will include consideration of (as applicable):

- Issues arising from the decision to suspend the member of staff
- The duration of the suspension
- Whether or not the suspension was justified
- The use of suspension when the individual is subsequently reinstated. We will consider how future investigations of a similar nature could be carried out without suspending the individual

For all other cases, the case manager will consider the facts and determine whether any improvements can be made.

### Non-recent allegations

Abuse can be reported, no matter how long ago it happened.

We will report any non-recent allegations made by a child to the LADO in line with our local authority's procedures for dealing with non-recent allegations.

Where an adult makes an allegation to the school that they were abused as a child, we will advise the individual to report the allegation to the police.

## Section 2: concerns that do not meet the harm threshold

This section applies to all concerns (including allegations) about members of staff, including supply teachers, volunteers and contractors, which do not meet the harm threshold set out in section 1 above.

Concerns may arise through, for example:

- Suspicion
- Complaint
- Safeguarding concern or allegation from another member of staff
- Disclosure made by a child, parent or other adult within or outside the school
- Pre-employment vetting checks

We recognise the importance of responding to and dealing with any concerns in a timely manner to safeguard the welfare of children.

# **Akaal Primary School: Safeguarding Policy**

## **Definition of low-level concerns**

The term 'low-level' concern is any concern – no matter how small – that an adult working in or on behalf of the school may have acted in a way that:

- Is inconsistent with the staff code of conduct, including inappropriate conduct outside of work, **and**
- Does not meet the allegations threshold or is otherwise not considered serious enough to consider a referral to the designated officer at the local authority

Examples of such behaviour could include, but are not limited to:

- Being overly friendly with children
- Having favourites
- Taking photographs of children on their mobile phone
- Engaging with a child on a one-to-one basis in a secluded area or behind a closed door
- Humiliating pupils

## **Sharing low-level concerns**

We recognise the importance of creating a culture of openness, trust and transparency to encourage all staff to confidentially share low-level concerns so that they can be addressed appropriately.

We will create this culture by:

- Ensuring staff are clear about what appropriate behaviour is, and are confident in distinguishing expected and appropriate behaviour from concerning, problematic or inappropriate behaviour, in themselves and others
- Empowering staff to share any low-level concerns as per section 7.7 of this policy
- Empowering staff to self-refer
- Addressing unprofessional behaviour and supporting the individual to correct it at an early stage
- Providing a responsive, sensitive and proportionate handling of such concerns when they are raised
- Helping to identify any weakness in the school's safeguarding system

## **Responding to low-level concerns**

If the concern is raised via a third party, the Headteacher will collect evidence where necessary by speaking:

- Directly to the person who raised the concern, unless it has been raised anonymously
- To the individual involved and any witnesses

The Headteacher will use the information collected to categorise the type of behaviour and determine any further action, in line with the school's Staff Code of Conduct. The Headteacher will be the ultimate decision-maker in respect of all low-level concerns, though they may wish to collaborate with the DSL.

# Akaal Primary School: Safeguarding Policy

## Record keeping

All low-level concerns will be recorded in writing. In addition to details of the concern raised, records will include the context in which the concern arose, any action taken and the rationale for decisions and action taken.

Records will be:

- Kept confidential, held securely and comply with the DPA 2018 and UK GDPR
- Reviewed so that potential patterns of concerning, problematic or inappropriate behaviour can be identified. Where a pattern of such behaviour is identified, we will decide on a course of action, either through our disciplinary procedures or, where a pattern of behaviour moves from a concern to meeting the harms threshold as described in section 1 of this appendix, we will refer it to the designated officer at the local authority
- Retained at least until the individual leaves employment at the school

Where a low-level concern relates to a supply teacher or contractor, we will notify the individual's employer, so any potential patterns of inappropriate behaviour can be identified.

## References

We will not include low-level concerns in references unless:

- The concern (or group of concerns) has met the threshold for referral to the designated officer at the local authority and is found to be substantiated; and/or
- The concern (or group of concerns) relates to issues which would ordinarily be included in a reference, such as misconduct or poor performance

## Definitions

## Appendix 4

### Victim

**Victim** is a widely understood and recognised term, but we understand that not everyone who has been subjected to abuse considers themselves a victim, or would want to be described that way. When managing an incident, we will be prepared to use any term that the child involved feels most comfortable with.

### Alleged Perpetrator, and Perpetrator

**Alleged perpetrator(s)** and **perpetrator(s)** are widely used and recognised terms. However, we will think carefully about what terminology we use (especially in front of children) as, in some cases, abusive behaviour can be harmful to the perpetrator too. We will decide what's appropriate and which terms to use on a case-by-case basis.

### Child criminal exploitation

Child criminal exploitation (CCE) is a form of abuse where an individual or group takes advantage of an imbalance of power to coerce, control, manipulate or deceive a child into criminal activity, in exchange for something the victim needs or wants, and/or for the financial or other advantage of the perpetrator or facilitator, and/or through violence or the threat of violence.

The abuse can be perpetrated by males or females, and children or adults. It can be a one-off occurrence or a series of incidents over time, and range from opportunistic to complex organised abuse.

The victim can be exploited even when the activity appears to be consensual. It does not always involve physical contact and can happen online. For example, young people may be forced to work in cannabis factories, coerced into moving drugs or money across the country (county lines), forced to shoplift or pickpocket, or to threaten other young people.

Indicators of CCE can include a child:

- Appearing with unexplained gifts or new possessions
- Associating with other young people involved in exploitation
- Suffering from changes in emotional wellbeing
- Misusing drugs and alcohol
- Going missing for periods of time or regularly coming home late
- Regularly missing school or education
- Not taking part in education

If a member of staff suspects CCE, they will discuss this with the DSL. The DSL will trigger the local safeguarding procedures, including a referral to the local authority's children's social care team and the police, if appropriate.

## **Akaal Primary School: Safeguarding Policy**

### **Children Missing from Education**

Our school recognises the entitlement that all children have to education and will work closely with the local authority to share information about pupils who may be missing out on full time education or who go missing from education. The local authority will also be informed where children are to be removed from the school register a) to be educated outside the school system; b) for medical reasons; c) because they have ceased to attend; d) because they are in custody; e) because they have been permanently excluded.

# Akaal Primary School: Safeguarding Policy

## Child Sexual Exploitation

The following list of indicators is not exhaustive or definitive but it does highlight common signs which can assist professionals in identifying children or young people who may be victims of sexual exploitation.

Signs include:

- underage sexual activity
- inappropriate sexual or sexualised behaviour
- sexually risky behaviour, 'swapping' sex
- repeat sexually transmitted infections
- in girls, repeat pregnancy, abortions, miscarriage
- receiving unexplained gifts or gifts from unknown sources
- having multiple mobile phones and worrying about losing contact via mobile
- having unaffordable new things (clothes, mobile) or expensive habits (alcohol, drugs)
- changes in the way they dress
- going to hotels or other unusual locations to meet friends
- seen at known places of concern
- moving around the country, appearing in new towns or cities, not knowing where they are
- getting in/out of different cars driven by unknown adults
- having older boyfriends or girlfriends
- contact with known perpetrators
- involved in abusive relationships, intimidated and fearful of certain people or situations
- hanging out with groups of older people, or anti-social groups, or with other vulnerable peers
- associating with other young people involved in sexual exploitation
- recruiting other young people to exploitative situations
- truancy, exclusion, disengagement with school, opting out of education altogether
- unexplained changes in behaviour or personality (chaotic, aggressive, sexual)
- mood swings, volatile behaviour, emotional distress
- self-harming, suicidal thoughts, suicide attempts, overdosing, eating disorders
- drug or alcohol
- getting involved in crime
- police involvement, police records
- involved in gangs, gang fights, gang membership
- injuries from physical assault, physical restraint, sexual assault.

## Domestic abuse

Children can witness and be adversely affected by domestic abuse and/or violence at home where it occurs between family members. In some cases, a child may blame themselves for the abuse or may have had to leave the family home as a result.

Types of domestic abuse include intimate partner violence, abuse by family members, teenage relationship abuse (abuse in intimate personal relationships between children) and child/adolescent to parent violence and abuse. It can be physical, sexual, financial, psychological or emotional. It can also include ill treatment that isn't physical, as well as witnessing the ill treatment of others – for example, the impact of all forms of domestic abuse on children.

## **Akaal Primary School: Safeguarding Policy**

Anyone can be a victim of domestic abuse, regardless of gender, age, ethnicity, socioeconomic status, sexuality or background, and domestic abuse can take place inside or outside of the home. Children who witness domestic abuse are also victims.

Exposure to domestic abuse and/or violence can have a serious, long-lasting emotional and psychological impact on children.

**To protect our learners, we have a Prevent risk assessment and are part of the Stopping Domestic Abuse Together (SDAT) initiative.**

If police are called to an incident of domestic abuse and any children in the household have experienced the incident, the police will inform the key adult in school (usually the designated safeguarding lead) by e-mail before the child or children arrive at school the following day. This will state whether or not a welfare check was made on the child. The DSL will provide support according to the child's needs and update records about their circumstances.

### **Female Genital Mutilation (FGM)**

It is essential that staff are aware of FGM practices and the need to look for signs, symptoms and other indicators of FGM.

#### **What is FGM?**

It involves procedures that intentionally alter/injure the female genital organs for non-medical reasons.

#### **4 types of procedure:**

Type 1 Clitoridectomy – partial/total removal of clitoris

Type 2 Excision – partial/total removal of clitoris and labia minora

Type 3 Infibulation entrance to vagina is narrowed by repositioning the inner/outer labia

Type 4 all other procedures that may include: pricking, piercing, incising, cauterising and scraping the genital area.

#### **Why is it carried out?**

Belief that:

- FGM brings status/respect to the girl – social acceptance for marriage
- Preserves a girl's virginity
- Part of being a woman / rite of passage
- Upholds family honour
- Cleanses and purifies the girl
- Gives a sense of belonging to the community
- Fulfils a religious requirement
- Perpetuates a custom/tradition
- Helps girls be clean / hygienic
- Is cosmetically desirable
- Mistakenly believed to make childbirth easier

#### **Is FGM legal?**

## Akaal Primary School: Safeguarding Policy

FGM is internationally recognised as a violation of human rights of girls and women. It is **illegal** in most countries including the UK.

Circumstances and occurrences that may point to FGM happening

- Child talking about getting ready for a special ceremony
- Family taking a long trip abroad
- Child's family being from one of the 'at risk' communities for FGM (Kenya, Somalia, Sudan, Sierra Leon, Egypt, Nigeria, Eritrea as well as non-African communities including Yemeni, Afghani, Kurdistan, Indonesia and Pakistan)
- Knowledge that the child's sibling has undergone FGM
- Child talks about going abroad to be 'cut' or to prepare for marriage

Signs that may indicate a child has undergone FGM:

- Prolonged absence from school and other activities
- Behaviour change on return from a holiday abroad, such as being withdrawn and appearing subdued
- Bladder or menstrual problems
- Finding it difficult to sit still and looking uncomfortable
- Complaining about pain between the legs
- Mentioning something somebody did to them that they are not allowed to talk about
- Secretive behaviour, including isolating themselves from the group
- Reluctance to take part in physical activity
- Repeated urinal tract infection
- Disclosure

### The 'One Chance' rule

As with Forced Marriage there is the 'One Chance' rule. It is essential that settings/schools/colleges take action **without delay**.

### Forced Marriage (FM)

This is an entirely separate issue from arranged marriage. It is a human rights abuse and falls within the Crown Prosecution Service definition of domestic violence. Young men and women can be at risk in affected ethnic groups. Whistle-blowing may come from younger siblings. Other indicators may be detected by changes in adolescent behaviours. Never attempt to intervene directly as a school or through a third party.

### Homelessness

Being homeless or being at risk of becoming homeless presents a real risk to a child's welfare.

The DSL and deputy will be aware of contact details and referral routes in to the local housing authority so they can raise/progress concerns at the earliest opportunity (where appropriate and in accordance with local procedures).

## **Akaal Primary School: Safeguarding Policy**

Where a child has been harmed or is at risk of harm, the DSL will also make a referral to children's social care.

### **Honour-based Violence (HBV)**

So-called 'honour-based' violence (HBV) encompasses crimes which have been committed to protect or defend the so-called "honour" of the family and/or the community, including Female Genital Mutilation (FGM), forced marriage (FM), and practices such as breast ironing. All forms of so called HBV are abuse (regardless of the motivation) and concerns will be passed to the Designated Safeguarding Lead for onward referral as required.

### **Child on Child Abuse**

Child-on-child abuse is when children abuse other children. This type of abuse can take place inside and outside of school. It can also take place both face-to-face and online, and can occur simultaneously between the two. Children with SEND are three times more likely to be abused than their peers. This school recognises that children sometimes display abusive behaviour themselves and that such incidents or allegations must be referred on for appropriate support and intervention. Such abuse will not be tolerated or passed off as "banter" or "part of growing up."

Our school has a zero-tolerance approach to sexual violence and sexual harassment. We recognise that even if there are there no reports, that doesn't mean that this kind of abuse isn't happening.

Child-on-child abuse is most likely to include, but may not be limited to:

- Bullying (including cyber-bullying, prejudice-based and discriminatory bullying)
- Physical abuse such as hitting, kicking, shaking, biting, hair pulling, or otherwise causing physical harm (this may include an online element which facilitates, threatens and/or encourages physical abuse)
- Sexual harassment, such as sexual comments, remarks, jokes and online sexual harassment, which may be standalone or part of a broader pattern of abuse
- Causing someone to engage in sexual activity without consent, such as forcing someone to strip, touch themselves sexually, or to engage in sexual activity with a third party
- Consensual and non-consensual sexting (also known as youth produced sexual imagery)
- Upskirting, which typically involves taking a picture under a person's clothing without their permission, with the intention of viewing their genitals or buttocks to obtain sexual gratification, or cause the victim humiliation, distress or alarm
- Initiation/hazing type violence and rituals (this could include activities involving harassment, abuse or humiliation used as a way of initiating a person into a group and may also include an online element)

Where children abuse their peers online, this can take the form of, for example, abusive, harassing, and misogynistic messages; the non-consensual sharing of indecent images, especially around chat groups; and the sharing of abusive images and pornography, to those who don't want to receive such content.

## Akaal Primary School: Safeguarding Policy

If staff have any concerns about child-on-child abuse, or a child makes a report to them, they will follow the procedures set out in section 7 of this policy, as appropriate.

When considering instances of harmful sexual behaviour between children, we will consider their ages and stages of development. We recognise that children displaying harmful sexual behaviour have often experienced their own abuse and trauma, and will offer them appropriate support.

There are separate Trust and local authority or LSCB guidance's and policies to address these concerns including the Behaviour Policy, Anti-bullying Policy, On-line Safety Policy, & "Guidance for schools working with children who display harmful sexual behaviour" (Derbyshire LA Guidance). Where specific risks are identified, a risk assessment will be undertaken in order to ensure the safety of all staff and pupils.

**Sexting** - School will always respond if informed that children have been involved in 'sexting' (youth produced sexual imagery). The UK Council for Child Internet Safety (UKCCIS) guidance, "Sexting in schools and colleges: responding to incidents and safeguarding young people" will be used to guide the school's response on a case by case basis. The key points being:-

- Inform the Headteacher/DSL as soon as possible
- Support the victim as appropriate and in accordance with their best interests
- Inform all parents of involved children unless by doing so you put a child at risk
- Images will not be viewed by school staff
- If school is to deal with the matter, involve parents in ensuring the images are deleted
- If there is evidence of exploitation or the targeting of a vulnerable student, inform the police and Social Services (Priority 1)
- School to inform the Safeguarding and Wellbeing Lead Professional and the Director of IT.

### Sexual violence and sexual harassment between children in schools

Sexual violence and sexual harassment can occur:

- Between 2 children of any age and sex
- Through a group of children sexually assaulting or sexually harassing a single child or group of children
- Online and face to face (both physically and verbally)

Sexual violence and sexual harassment exist on a continuum and may overlap.

Children who are victims of sexual violence and sexual harassment will likely find the experience stressful and distressing. This will, in all likelihood, adversely affect their educational attainment and will be exacerbated if the alleged perpetrator(s) attends the same school.

If a victim reports an incident, it is essential that staff make sure they are reassured that they are being taken seriously and that they will be supported and kept safe. A victim should never be given the impression that they are creating a problem by reporting any form of abuse or neglect. Nor should a victim ever be made to feel ashamed for making a report.

When supporting victims, staff will:

- Reassure victims that the law on child-on-child abuse is there to protect them, not criminalise them
- Regularly review decisions and actions, and update policies with lessons learnt

## **Akaal Primary School: Safeguarding Policy**

- Look out for potential patterns of concerning, problematic or inappropriate behaviour, and decide on a course of action where we identify any patterns
- Consider if there are wider cultural issues within the school that enabled inappropriate behaviour to occur and whether revising policies and/or providing extra staff training could minimise the risk of it happening again
- Remain alert to the possible challenges of detecting signs that a child has experienced sexual violence, and show sensitivity to their needs

Some groups are potentially more at risk. Evidence shows that girls, children with SEN and/or disabilities, and lesbian, gay, bisexual and transgender (LGBT) children are at greater risk.

Staff should be aware of the importance of:

- Challenging inappropriate behaviours
- Making clear that sexual violence and sexual harassment is not acceptable, will never be tolerated and is not an inevitable part of growing up
- Challenging physical behaviours (potentially criminal in nature), such as grabbing bottoms, breasts and genitalia, pulling down trousers, flicking bras and lifting up skirts. Dismissing or tolerating such behaviours risks normalising them

If staff have any concerns about sexual violence or sexual harassment, or a child makes a report to them, they will follow the procedures set out in section 7 of this policy, as appropriate.

### **Preventing Radicalisation**

Radicalisation refers to the process by which a person comes to support terrorism and forms of extremism. There is no single way of identifying an individual who is likely to be susceptible to an extremist ideology. It can happen in many different ways and settings. Specific background factors may contribute to vulnerability which are often combined with specific influences such as family, friends or on-line, and with specific needs for which an extremist or terrorist group may appear to provide an answer.

### **Private fostering arrangements**

Where a child under 16 (or 18 with a disability) is living with someone who is not their family or a close relative for 28 days or more, staff must inform the Designated Safeguarding Lead so that a referral to Children's Social Care for a safety check, can be made. (A close relative includes step-parent, grandparents, uncle, auntie or sibling).

### **Sexual Abuse by Young People**

The boundary between what is abusive and what is part of normal childhood or youthful experimentation can be blurred. The determination of whether behaviour is developmental, inappropriate or abusive will hinge around the related concepts of true consent, power imbalance and exploitation. This may include children and young people who exhibit a range of sexually problematic behaviour such as indecent exposure, obscene telephone calls, fetishism, bestiality and sexual abuse against adults, peers or children.

## Akaal Primary School: Safeguarding Policy

Developmental Sexual Activity encompasses those actions that are to be expected from children and young people as they move from infancy through to an adult understanding of their physical, emotional and behavioural relationships with each other. Such sexual activity is essentially information gathering and experience testing. It is characterised by mutuality and of the seeking of consent.

Inappropriate Sexual Behaviour can be inappropriate socially, appropriate to development, or both. In considering whether behaviour fits into this category, it is important to consider what negative effects it has on any of the parties involved and what concerns it raises about a child or young person. It should be recognised that some actions may be motivated by information seeking, but still cause significant upset, confusion, worry, physical damage, etc. It may also be that the behaviour is “acting out” which may derive from other sexual situations to which the child or young person has been exposed.

If an act appears to have been inappropriate, there may still be a need for some form of behaviour management or intervention. For some children, educative inputs may be enough to address the behaviour.

Abusive sexual activity included any behaviour involving coercion, threats, aggression together with secrecy, or where one participant relies on an unequal power base.

### Factors to consider

In order to more fully determine the nature of the incident the following factors should be given consideration. The presence of exploitation in terms of:

- **Equality** – consider differentials of physical, cognitive and emotional development, power and control and authority, passive and assertive tendencies
- **Consent** – agreement including all the following:
  - Understanding that is proposed based on age, maturity, development level, functioning and experience
  - Knowledge of society’s standards for what is being proposed
  - Awareness of potential consequences and alternatives
  - Assumption that agreements or disagreements will be respected equally
  - Voluntary decision
  - Mental competence
- **Coercion** – the young perpetrator who abuses may use techniques like bribing, manipulation and emotional threats of secondary gains and losses; that is loss of love, friendship, etc. Some may use physical force, brutality or the threat of these regardless of victim resistance.

In evaluating sexual behaviour of children and young people, the above information should be used only as a guide.

## **Appendix 5**

### **Checking the identity and suitability of visitors**

All visitors will be required to verify their identity to the satisfaction of staff and to leave their belongings, including their mobile phone(s), in a safe place during their visit.

If the visitor is unknown to the setting, we will check their credentials and reason for visiting before allowing them to enter the setting. Visitors should be ready to produce identification.

Visitors are expected to sign in using the InVentry system. Before signing in for the first time, visitors will be asked to read and agree to adhere to the school's safeguarding approaches and wear a visitor's badge.

Visitors to the school who are visiting for a professional purpose, such as educational psychologists and school improvement officers, will be asked to show photo ID and:

- Will be asked to show their DBS certificate, which will be checked alongside their photo ID; or
- The organisation sending the professional, such as the LA or educational psychology service, will provide prior written confirmation that an enhanced DBS check with barred list information has been carried out

All other visitors, including visiting speakers, will be accompanied by a member of staff at all times. We will not invite into the school any speaker who is known to disseminate extremist views, and will carry out appropriate checks to ensure that any individual or organisation using school facilities is not seeking to disseminate extremist views or radicalise pupils or staff.

## **Appendix 6**

### **Non-collection of children**

If a child is not collected at the end of the session/day, we will:

- Take the child/ren back into the school, into a safe waiting area (eg. The Studio).
- Telephone the approved contacts, in the order they are recorded on ScholarPack, to ascertain who should be collecting them and where they are.
- If contact is made, an appropriate plan will be made to keep the child/ren safe until their collecting adult arrives.
- If contact is not made, the child/ren will be kept safely in the school and we will spend the next 30 minutes attempting to contact the responsible adults, via all routes available to us – telephone, e-mail, text service, app service. In certain circumstances we may make a visit to the home.
- When a responsible adult is not in attendance to collect the child from the bus stop we will telephone back to the school in order that the previous step can begin. The child/ren will remain on the bus and will return to school, where they will be kept safely as we work through our procedures.

### **Missing pupils**

There are some points of the day / activities where children may be more vulnerable to become missing. Here we outline the specific procedures we have in place to minimise this risk.

Our procedures are designed to ensure that a missing child is found and returned to effective supervision as soon as possible.

#### **RESPONSIBILITIES**

- It is the Headteacher's responsibility to ensure that all relevant staff are aware of these procedures and to act at all times according to its guidance.
- It is the responsibility of parents / families to ensure that they provide correct and updated contact information and know the procedures for handover of the child at the beginning and end of sessions.
- It is the responsibility of Governors to ensure that they are aware of the school's procedures and to challenge/support the school in its review of this policy.

# Akaal Primary School: Safeguarding Policy

## PROCEDURES AIMED AT REDUCING RISK OF A MISSING PUPIL

### Start of the Day

- Ensuring parents are fully aware of the points at which responsibility for the care of their child passes from themselves to the staff.
- Clear procedures for welcoming pupils into school. Staff meeting and greeting on the door.
- Doors into classes closed at 8.35am.
- Pupils use designated entrance – Covid compliant.
- Main entrance used between the hours of 8.35am and 3.30pm once gates are locked.
- Staff complete registers promptly and accurately – mornings and afternoons.

### Outside Time/Lunch/Playtime

- When children are outside they are protected by fencing and padlocked gates and have adult supervision.
- If pupils leave the classroom security to work in other parts of the school, adequate supervision is maintained at all times and all pupils are accounted for on return to the classroom.

### Home-time

- Staff take pupils to the designated dismissal point (Covid compliant) and ensure that all pupils are collected by the appropriate adult.
- After 10 minutes pupils who are left, are taken back into school and the “non-collection of children” protocol begins.
- Pupil information is reviewed each year and maintained with up to date contacts. Only those with parental responsibility can make changes.
- Pupils will not be able to leave school with any adult not on their “approved” list (ScholarPack record). Pupils will not be allowed to go home with any person under the age of 14.
- Additional “approved” people can be added but this must be done in writing (e-mail or letter).

# Akaal Primary School: Safeguarding Policy

## Visits

- Thorough risk assessments and adequate staff/pupil ratios are adhered to when any group of pupils leaves the premises. Ratios are: Reception – 1 adult to 4 children. Years 1 – 4: 1 adult to 6 children. Years 5 & 6: 1 adult to 8 children.
- Adequate communication, contact and a list of pupils/groups to be taken on visits out of school, with the same information remaining in school for the duration of the visit.
- Mobile phones must be taken on every visit and mobile contact numbers left at school.
- Any child who, for any reason, is considered to be of greater risk of going missing (eg 1:1 behaviour) will remain with an assigned adult for the duration of the trip.

## PROCEDURES IN THE EVENT OF A CHILD GOING MISSING

In the event of a child going missing during the school day:

- The member of staff who has noticed the missing child will calmly inform the Headteacher, or in her absence, the nearest member of the SLT, or if not available, the Office Administrator.
- Staff will promptly but calmly round up all pupils to a pre-arranged area and a designated member of staff will continue with appropriate work / activity and will not alert the children unless absolutely necessary.
- Staff will count and name-check all the pupils present against the register while the group is assembled in one place. This information will be reported to a member of the SLT.
- AT THE SAME TIME all other available staff will conduct a thorough search of the premises and will immediately notify the Headteacher if the child is found.
- A thorough check of all exits will be made to make sure all external gates/outdoor doors are locked/bolted and there are no other ways a pupil could have left the school. If something is discovered, the Headteacher is to be advised immediately.
- If the child has not been found by this point, staff will begin a search of the immediate area.
- The Headteacher or next most senior member of staff on site will decide at which point the police need to be contacted. When contacting parents or carers please ask them to bring with them a recent photograph of their child.
- The police will be informed.

## **Akaal Primary School: Safeguarding Policy**

- Staff will be asked to write down a description of the child including features the child has and what they were wearing.
- If the missing child has any special medical or learning needs then these also need to be noted, to be disclosed to police or other agencies.

### **In the event of a child going missing at an alternative location to the school (e.g. swimming pool, educational visit venue):**

- Children will be collected in one place and checked against the attendance list.
- Whilst the attendance is being checked, remaining members of staff will check the immediate areas (by immediate we mean those where the main group can still be seen or is in immediate proximity) for the child e.g. toilets, changing rooms.
- The visit leader must ensure the safety of the remaining pupils.
- The visit leader should contact the Headteacher.
- If the child is not found within five minutes the visit leader must contact the police by phoning 999.
- The visit leader should alert the Headteacher that the police have been contacted and school will make arrangements to notify parents, after which the above procedures are to be followed.

## **Appendix 7**

### **Protocol to follow should discarded drugs-related items are found on the school's property**

A syringe collection service is operated by Derby City Council's Street Pride service. This requires reporting online via the following link:

<https://www.derby.gov.uk/environment-and-planning/street-care-cleaning/syringe-disposal/>

Any attempt by their representative to charge a call-out fee (as our school fields are "private ground") should be challenged as the users will not have been able to access the school grounds and any items will have been thrown from the adjacent street / public footpath.

## **Appendix 8**

### **Managing Extremism Statement**

Akaal Primary School is committed to providing a secure environment for our pupils, where children feel safe and are kept safe. All personnel in school recognise that safeguarding is everyone's responsibility irrespective of the role they undertake or whether or not their role involves direct contact or responsibility for children.

As a school we recognise that extremism and exposure to extremist materials and influences can lead to poor outcomes for children and should be addressed as a safeguarding concern as set out in this Statement. We also recognise that if we fail to challenge extremist views, we are failing to protect our pupils.

This Managing Extremism Statement is one element within our overall school arrangements to safeguard and promote the welfare of all children in line with our statutory duties as set out in the Education Act 2002.

The school accepts the following Governmental definition of extremism which is:

Vocal or active opposition to fundamental British values, including democracy, the rule of law, individual liberty and mutual respect and tolerance of different faiths and beliefs; and / or calls for the death of members of our armed forces, whether in this country or overseas.

The full Government Prevent Strategy can be viewed at:

[https://www.gov.uk/government/uploads/system/uploads/attachment\\_data/file/97976/prevent-strategy-review.pdf](https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/97976/prevent-strategy-review.pdf)

There is no place for extremist views of any kind in our school, whether from internal sources (pupils, staff or governors) or external sources (school community, external agencies or individuals). Our pupils see our school as a safe place where they can explore controversial issues safely and where our teachers encourage and facilitate this – we have a duty to ensure this happens.

Extremists of all persuasions aim to develop destructive relationships between different communities by promoting division, fear and mistrust of others based on ignorance or prejudice and thereby limiting the life chances of young people. Education is a powerful weapon against this, equipping young people with the knowledge, skills and critical thinking to challenge and debate in an informed way. We will therefore ensure that our pupils are enriched, understand and accept difference and diversity and ensure that they thrive, feel valued and not marginalised.

We are aware that young people can be exposed to extremist influences or prejudiced views from an early age. These emanate from a variety of sources and media, and at times pupils may themselves reflect or display views that may be discriminatory, prejudiced or extremist, including using derogatory language.

Prejudice, discrimination or extremist views of any sort, including derogatory language displayed by pupils or staff will always be challenged and, where appropriate, dealt with in line with our Behaviour Policy or Code of Conduct.

As part of our wider safeguarding responsibilities school staff will be alert to:

## Akaal Primary School: Safeguarding Policy

- Disclosures by pupils of their exposure to the extremist actions, views or materials of others outside the school, such as in their homes or community groups, especially where pupils have not actively sought these out.
- Pupils accessing extremist material online, including through social networking sites.
- Parental reports of changes in behaviour, friendship or actions and requests for assistance.
- Partner schools, local authority services, and police reports of issues affecting pupils in other schools or settings.
- Pupils voicing opinions drawn from extremist ideologies and narratives.
- Use of extremist or “hate” terms to exclude others or incite violence.
- Intolerance of difference, whether secular or religious or, in line with our Equalities Policy, views based on, but not exclusive to, gender, disability, homophobia, race, colour or culture.
- Attempts to impose extremist views or practice on others.
- Anti-Western or Anti-British views.

Our school will closely follow the locally agreed procedure as set out by Derby City Council and our Safeguarding Committee’s agreed processes and criteria for safeguarding individuals vulnerable to extremism and radicalisation. In the event of concerns about a person becoming radicalised, consideration will be given to using the LA Channel process.

All staff should be familiar with the Channel process. More information can be found at:

Prevent Awareness: <http://www.elearning.prevent.homeoffice.gov.uk>

Prevent Referrals (builds on the above programme and is designed to ensure that referral is robust and informed): <https://www.elearning.prevent.homeoffice.gov.uk/preventreferrals>

At Akaal Primary School we will ensure that our teaching helps our pupils to recognise and build resilience to extremist views and gives pupils a positive sense of identity through the development of critical thinking skills. We will ensure that our staff are equipped to recognise extremism and are skilled and confident enough to challenge it.

### Parental and Community Involvement

We will also work with local partners, families and communities in our efforts to ensure that our school understands and embraces our local context and values in challenging extremist views and to assist in the broadening of our pupils’ experiences and horizons.

### Training

Whole school in-service training on Safeguarding, Child Protection and Prevent will be organised annually for staff and governors. The Designated Safeguarding Lead will attend training sessions as necessary to include extremism, radicalism and their safeguarding implications.

### Role of the Governing Body

The Governing Body of the school will undertake appropriate training and will support the school in tackling extremism and radicalisation. In line with The DfE guidance “Keeping Children Safe in Education, 2022”, the Governing Body will challenge the school’s senior leadership team on the delivery of this policy and monitor its effectiveness. Governors will review this policy regularly and will take account of any legislative changes.
